PRICE TEN CENTS

MORE THAN 150 Michigan Technological University students demonstrated their support of U.S. policy and American troops in Viet Nam Saturday with a 2.5 mile march. Gary Robinson, Trenton, Mich., freshman who organized the march, said the students wanted to show their pride in their country, and especially their appreciation of the men fighting in Viet Nam. The students are seeking 5,000 signatures on a petition endorsing U.S. policy which they intend to present to U.S. Rep. Raymond F. Cleveland for transmittal to the Defense Department and U.S. forces in Viet Nam.

## Accident Fund Levy Goes With 1966 Auto Licenses

### Traffic Mishaps Over Week End Take 25 Lives

By United Press International  
State Police reported today that weekend traffic accidents in Michigan claimed at least 25 lives.

Mr. and Mrs. Walter Spearman, both 59 years old, Inkster, were killed Sunday afternoon when their car was struck by a Chesapeake & Ohio passenger train at a crossing near New Boston in southeastern Wayne County.

Mrs. Norina Collier, 69, rural Hemlock, was killed Sunday night in a four-car smashup at a Saginaw intersection. Three others in Mrs. Collier's car were injured slightly.

Lydia Jennings, 23 months old, of Delhi Township in Eaton County, was killed Sunday in front of her home when she ran into the path of an oncoming car.

### Roy Fruehauf, Trailer Firm Magnate Dies

DETROIT (UPI) — Funeral services have been scheduled Tuesday for Roy Fruehauf, a blacksmith's son whose firm became the world's largest trailer producer.

He died late Saturday of a cerebral hemorrhage. He was 57.

A multimillionaire who once chaired the board of the Fruehauf Trailer Co., a worldwide organization worth more than \$300 million, Fruehauf died a year after having resigned from his last formal tie with the company founded by his father.

His resignation came after he was indicted along with then Teamsters Union President Dave Beck in 1959 on charges of having violated the Taft-Hartley Act by loaning Beck \$200,000.

Both Beck and Fruehauf were acquitted of the illegal loan charges three years later after Beck was convicted of income tax evasion.

Acquittal did not, however, keep stockholders' pressure and a directors' feud from forcing him to resign.

He stayed with the company as a consultant for another year before resigning from the firm completely in 1964.

### Copper Miners End Strike In Calumet Area

HANCOCK (UPI) — Members of the United Steelworkers Union voted Sunday to end their almost three-month strike against Calumet and Hecla Mining Co.

The workers approved a 51.7 cents an hour increase in wages and fringe benefits over a three-year period. The settlement proposal also included improved contract language.

Of the money package, 44.85 cents an hour would be in wages during the three-year period, and the rest in fringe benefits. The new contract also includes improvement of the seniority clause, clarification of incentive procedures in mining operations, clarification in work week scheduling among other improvements.

Local 1412 of the USW struck Calumet and Hecla, one of the largest copper mines in the U.S., Aug. 21. The strike, by 1,230 workers at the plant, idled approximately 1,800 miners.

Gene Saari, international representative of the USW, said there were 555 votes for acceptance of the negotiated settlement, 443 against acceptance and three voided ballots.

"This is the biggest package settlement recently negotiated

in the nonferrous metals industry," Saari said.

There was no indication when the employees would return to work.

### Bullet Stopped By Wallet Of U.S. Lieutenant

QUI NHON, South Viet Nam (UPI) — Most men hate to get hit in the pocketbook, but not First Lt. Thomas Faley of Harrisburg, Pa.

Faley, 25, platoon leader of "A" Troop, 17th Cavalry, 1st Brigade, 101st Airborne Division, recently took part in the "Operation Bunker Hill" against the Viet Cong near Qui Nhon.

"I felt a whack that sent me forward several inches," Faley said. But when he checked with the man behind him Faley was told there was no blood showing.

Two days later, while he was drying out his soaked clothing, Faley noticed a small hole in the hip pocket of his trousers.

He checked his wallet and found a .30 caliber bullet nestled among the bills.

### Sale Of Tags Opens Today At 250 Agencies

LANSING (UPI) — Michigan's more than 250 license plate dealers will start accepting old registration certificates, plain cash and new "534 bills" when they open the 1966 season today.

The "534 bills" will be in the form of insurance certificates or other proof of insurance that will mean the difference between paying an extra \$1 and an extra \$35 into the new motor vehicle accident claims fund.

Drivers carrying minimum liability coverage will chip in just \$1. But the state's estimated 300,000-600,000 uninsured motorists will be charged \$35 for the privilege of continuing to drive on Michigan highways.

**Penalties Stiff**

Secretary of State James M. Hare, who under the new act is responsible for the fund, is hopeful the tough penalties written into the act will chase at least half the state's uninsured drivers into the insured camp.

"Persons who drive without liability coverage are taking a terrible risk," he said. "They are gambling with their future solvency—because a bad accident could mean they would have to pay back into the fund hundreds and perhaps thousands of dollars."

As the act was written, anyone who furnishes false evidence of insurance, lets his insurance lapse, has it cancelled or who can't produce evidence of insurance for a police officer at any time is automatically guilty of a misdemeanor.

This means a jail sentence of up to 90 days and a fine of up to \$100. It could also mean an automatic suspension of his driver's license, his license plates or both for up to a year.

**Must Pay Back**

The maze of technicalities in the unprecedented bill has prompted more than 80 questions for Atty. Gen. Frank J. Kelley, who is expected to rule on them within the next few weeks. A preliminary draft of the formal opinion reportedly has been completed.

The fund—which will pull in about \$15 million this year—will be used to pay claims of motorists injured in accidents with uninsured drivers after next Jan. 1.

But the big catch for the uninsured is that they will have to pay back into the fund every penny that is paid out in claims for an accident for which they were responsible. They will also lose their licenses and plates until the debt is repaid or they start installment payments.

If a payment is more than 10 days late, the license and plates will be suspended again.

"Apparently some misinformation has gotten out that the \$35 fee they pay into the fund is insurance protection," Hare said. "In reality, this is a penalty they must pay for the privilege of remaining uninsured."

**Coverage For \$1**

But Hare said the \$1 fee for insured drivers does buy them additional insurance protection, because it gives them coverage on accidents involving stolen cars, hit-and-run drivers and out-of-state drivers.

It does not protect insured drivers outside Michigan, however, and Hare urged motorists who carry uninsured motorist coverage in their policies to retain it.

In practice, the fund will allow that when an injury or death occurs in an accident caused by an uninsured driver, the person or his estate will make application to the fund for the damages suffered or awarded by a court. Intent to file the claim must be made known within one year and the claim filed within three years.

The fund, through its director, Robert E. Hill, will then pay damages of up to \$10,000 for one injury, \$20,000 for injuries to more than one person in a single accident and between \$200 and \$5,000 for property damage.

**Opinion Awaited**

But the question of whether the payments from the fund will be made for all hospital and medical expenses or only for damages in excess of pay-

(Please turn to page 7, Col. 3)

## Luci Johnson Persuaded To Put Off Engagement?

WASHINGTON (UPI) — Luci Baines Johnson was back at the White House and her college studies today after a weekend at the LBJ Ranch seeking her father's consent to become engaged.

The presidential party in Texas was mum on Johnson's reaction to his daughter's request and Luci avoided the press on her return here. But the President was understood to have dissuaded Luci from becoming engaged now.

Eighteen-year-old Luci "cares deeply" for Pat Nugent, 22, of Waukegan, Ill., and wants to marry him, her friends say.

The fact that Pat is four years older than Luci is to her liking. She has many older friends and many of them are already married.

But Johnson is withholding his approval. There was the feeling that last weekend at the ranch the President used his gigantic powers of persuasion on the romantic pair with a little "come let us reason together" thrown in.

He is understood to feel Luci should wait until she gets into her twenties before thinking of marriage.

A great believer in higher education, the top priority of his "Great Society," he also wants his vivacious devoted teenager to complete her four-year course at Georgetown University's School of Nursing where she is a freshman before jumping into matrimony.

But the President has no monopoly on persuasive qualities or patience in the first family. Luci won her parents' agreement to become a Roman Catholic convert — but she waited five years to be sure in her own mind and to bring the family around.

University's School of Nursing where she is a freshman before jumping into matrimony.

## Viet Cong Fire Deadly Missiles At U.S. Planes

SAIGON (UPI) — Communist ground crews fired at least 10 and possibly 17 missiles at an armada of U.S. Navy and Air Force planes which destroyed key bridge linking the capital of North Viet Nam with Red China, a U.S. military spokesman disclosed today.

The planes dodged the deadly surface-to-air (SAM) missiles but one, a Navy A1 fighter-bomber, was shot down by conventional anti-aircraft fire in the 20-minute raid Sunday about 35 miles northeast of Hanoi. The pilot was seen to parachute and was presumed captured.

The Soviet-built portable missile sites were positioned in areas 10 to 15 miles from the key highway bridge, on a major supply route to Hanoi. The bridge was demolished and it was presumed the three missile sites attacked were also knocked out.

It was the first joint raid of the war on missile installations in North Viet Nam. Seventeen of the rockets were seen streaking from their launch pads. But a U.S. spokesman conceded some could have been counted twice. At any rate, 10 were positively known to have been fired.

Air Force Capt. Robert L. Harris, 34, of Longview, Tex., flight leader of one wave, said

the pilot of the A4 was seen parachuting to earth and was presumed captured by the Reds.

Two enemy jets swooped in on the American raiders but quickly turned tail and fled. The American planes were Navy A4 Skyhawks, A6 Intruders and F8 Crusaders from the 7th Fleet carriers USS Oriskany and USS Independence and Air Force F105 Thunderchiefs.

## New Silverless Quarters Out

WASHINGTON (UPI) — Americans get the first of their new silverless coins today.

The government is releasing 230 million quarters — three-layered "sandwich" coins of copper and nickel. The new two-bit pieces look, feel and sound much like the old ones and, best of all, they still buy 25 cents worth of ice cream and cake.

Some banks get them today, others Tuesday, and still others later in the week.

Silverless dimes are due to start circulating early next year. The new 50-cent pieces, which will retain some silver, will be coming out later in 1966.

Pennies and nickels are staying unchanged and so is the silver dollar, although Congress has forbidden the mint to make any more cartwheels for five years in order to conserve the Treasury's dwindling supply of silver.

## Double Suicide; Both Women 83

NEW YORK (UPI) — An elderly woman plunged to her death Sunday from the sixth floor window of an old age home only 10 hours after her friend, also a resident of the home, leaped from the same window.

Clara Shapiro and Anna Hausknecht, both 83, died instantly when they landed on the same spot on the sidewalk adjacent to the Hebrew Home for the Aged in Brooklyn.

Police said Mrs. Hausknecht, the second woman to jump, apparently was grief stricken over the death of her best friend.

## Free X-Ray

The mobile x-ray unit of the Michigan Department of Health will be at the Bark River Town Hall from 1 to 5 and 6 to 8 p.m. Tuesday, Nov. 2. Diabetic testing will also be given there from 4 to 8 p.m. Tuesday and persons should not eat for 1½ to 2 hours before going for the test.

## Detroit Police Boomed, Hit By Rocks, Bottles

DETROIT (UPI) — A crowd of 300 boomed police and threw rocks and bottles at the officers early Sunday after a 100-mile an hour chase ended in damage to a stolen car, police car and two parked vehicles.

Fifty police were called to the scene to disperse the crowd which gathered when authorities arrested seven persons connected with the incident.

Authorities said the chase began after they stopped an auto containing four young boys. The car had Nebraska license plates and the youths were unable to produce any identification papers or any proof of ownership.

The police ordered the youths to follow them to the police station, but instead the Nebraska car took off with the police car in pursuit.

The chase ended with the fleeing car crashing into two parked cars and the police car smashing into the wreckage.

Police said the crowd spilled out of bars in the area of the crash and began shouting at the officers.

The police ordered the youths to follow them to the police station, but instead the Nebraska car took off with the police car in pursuit.

## Tuesday Elections Test For GOP

WASHINGTON (UPI) — The Grand Old Party, nearly buried by the Johnson landslide a year ago, gets its first chance to show how far it's traveled along the comeback road at Tuesday's off-year state and city elections.

The most significant contests

occur in the East, where Republican hopefuls have been fighting an uphill battle to wrest from the Democrats the posts of mayor of New York City and governor of Virginia and New Jersey.

**New York Top Item**

Most Republicans would be more than happy to settle for the election of Rep. John V. Lindsay as mayor of New York while the party keeps what it has elsewhere.

GOP candidates are definite underdogs in New Jersey and Virginia. Both of these states and New York also are electing members of state legislatures under reapportionment plans.

Kentucky is choosing all members of its House and half of its state senators.

Local issues dominate in most of the hundreds of elections. But Negro rights and the administration's Viet Nam policies have been injected into some campaigns.

In New York, Lindsay, a handsome, 43-year-old liberal who outpolled President Johnson last year to win re-election to Congress, gives the GOP its best chance to win city hall since the regime of the late Fiorello H. LaGuardia. Like

LaGuardia, Lindsay is running at the head of a "fusion" ticket with Democratic and Liberal party running mates.

## Damaging Fires Set Over Holiday In Ottawa County

GRAND HAVEN (UPI) — Ottawa County authorities today were investigating a series of damaging fires set over the Halloween holiday weekend.

Two barns, two homes, a shed, two abandoned cars were set afire and six road fires were started. One suspect was in custody and others were being questioned, officers said.

The two barnfires were set near Coopersville, the two unoccupied homes south of Port Sheldon, the shed at Jenison, and the abandoned cars at Marne. The six road fires were located at various places in the county, police said.

## Rain Deluges Florida Cities

By United Press International  
Heavy rains which gave some Florida cities records for the month of October slackened today but left several highways underwater and forced the closing of a high school at Boca Raton.

A dreary 14-inch rainfall at Fort Lauderdale, Fla., Sunday pushed the city's October total to a record 42 inches, the heaviest rainfall for any month. In some years, Fort Lauderdale has received less than 42 inches of rain in an entire year.

Gale winds swept the eastern Great Lakes Sunday, with gusts up to 70 miles an hour recorded Sunday night at Syracuse, N.Y., and 63 mph at Buffalo, N.Y. Light snow showers fell at higher elevations.

An estimated 150 automobiles collided on fog-shrouded Los Angeles area freeways Sunday, demolishing 30 cars and injuring 28 persons, Sacramento, Calif., tied a record for so late in the year when the temperature climbed to 84 degrees Sunday and Winnemucca, Nev., set a similar mark when the mercury hit 75 degrees after an early morning low in the lower 20s.

## Jewish Parentage Bared; Klan Chief Kills Himself

READING, Pa. (UPI) — A Jew-hating leader of the Ku Klux Klan and American Nazi party shot himself to death Sunday only hours after he was revealed to be the son of a cantor and one-time honor student at a Hebrew school, police said.

Daniel Burros, 28, "King Kleagle" of the New York Klan, killed himself in the living room of Pennsylvania's Klan leader. The New Jersey "King Kleagle" witnessed the shooting.

Dr. Michael Austin, Berks County deputy coroner, postponed issuing a death certificate until results of an autopsy and paraffin tests were made on Burros and the witnesses, but police had little doubt it was a suicide.

"Nothing came to our attention that would indicate it was not suicide," Detective Capt. Joseph Canfora said.

The New York Times reported Sunday that Burros' parents were married in a Jewish ceremony, that he was a star pupil in a Hebrew school and

that he had been Bar Mitzvahed (confirmed).

The story said Burros had been an officer in the Nazi party but recently "changed" from a brown shirt to a white sheet.

The newspaper said Burros had his Jewish birth and education for years during his activity for hate groups, which led to his arrest several times. When a reporter confronted

Burros with the secret information, he was threatened, the Times said.

"I'll have to retaliate, do you understand?" the report quoted him. "If you publish that, I'll come and get you and I'll kill you."

"I don't care what happens. I'll be ruined. This is all I've got to live for."

Roy E. Frankhouser, the 25-year-old grand dragon of the Pennsylvania Klan, said Burros went out to buy a newspaper Sunday and when he came back was in a rage, shouting "I'm going to kill myself."

Frankhouser told police Burros lifted a .32 caliber pistol to his chest and fired. Then he put the gun to his right temple and fired again.

Before he pulled the trigger, Burros shouted, "I ain't got nothing to live for," Frankhouser said.

"I think the general idea was that he was going to be subpoenaed and was afraid it would bring out his past," he said.

Daniel Burros

For Special Buys!

### Tuesday Election:

## Pensions, Use Of \$1 Million Up To Voters

The voters of Escanaba will go to the polls on Tuesday to decide two questions which the City Council has submitted to the citizens for answer in the special election.

The first question is: "Shall the City continue to invest the funds received from the sale of the gas utility, approximately \$1,000,000 and expend only the interest received therefrom for capital improvements?"

By "yes" and "no" vote the electors will tell the Council what they wish done with the funds derived from the sale of the gas utility.

The Council advocates a "yes" vote and says that the result of the election will be binding upon this and future Councils in keeping the \$1,000,000 intact as an investment.

The investment of the \$1,000,000 will bring an estimated \$42,000 additional revenue to the city annually. The Council anticipates that this will be used in the sponsorship of projects which may receive state and federal grants to boost the total to considerably more than the sponsor's share.

Should the voters say "no" to the question the next step, presumably, would be to ballot again on the selection of the project or projects for which the \$1,000,000 would be spent.

The money, under state law, may be expended only for municipal improvements. It is invested presently in accordance with state law and will continue so invested until the capital is expended.

The Council has indicated that it is its intention to come to the voters for an advisory ballot on the expenditure of the capital fund, if and when a project is selected for financing in the future.

The second question on the ballot is:

"Shall the City of Escanaba, as of July 1, 1966, come under the provisions of Act No. 345 of the Public Acts of 1937, as amended, providing for a pension and retirement system for members of the fire and police departments, and also providing that the city's contribution to said system be financed as provided by the charter, and members of the fire and police departments be required to transfer into said Act No. 345 Pension and Retirement System their accumulated contributions in Michigan Municipal Employees Retirement Systems?"

The proposal would provide additional benefits for the firemen and policemen and their dependents, and permit retirement at age 55 rather than 60 if they elected to retire.

City officials have estimated the additional cost of extending these benefits to the firemen and policemen would be about \$22,000 annually, and point out that if "equal" pension and retirement consideration were given the other city employees the cost to the city would be about \$78,000 total.

The polls will open at 7 a.m. and close at 8 p.m. on Tuesday. The polling places are:

First Precinct — Delta County Courthouse; Second — Bay de Noc Community College, West Hall; Third — Bay de Noc Community College, East Hall; Fourth — Jefferson School; Fifth — Junior High School; Sixth — Lenox School; Seventh — Webster School.

Mrs. Ethel Moorman of Saint Helena, Calif., a relative of Mr. and Mrs. Jesse Goulet of 1414 Lake Shore Drive, is dead, according to word received by the Goulets.

She was the daughter of Mrs. Rose Simon, former resident of Escanaba, and is survived by her mother, her husband, Jack, a daughter, Joylyn, three grandchildren of Saint Helena, and a brother, Earl, of Oakland, Calif.

The funeral services will be held on Tuesday, Nov. 2, in Valli, Calif.

## NMU Job Unit Gets \$564,639

MARQUETTE — Northern Michigan University has been awarded \$564,639 in the first 10 months of this year under the federal government's Manpower Development and Training Act to conduct programs at the University's Area Training Center.

In all, 309 unemployed, underemployed and undereducated workers have completed a NMU training program since January in one of 12 occupational fields while 319 more trainees are currently enrolled in programs scheduled for completion between December and August, 1966.

The \$564,639 awarded Northern through the MDTA does not include money allocated for training allowances and subsistence by the U.S. Department of Labor through the Michigan Employment Security Commission.

Of the 309 trainees who have completed programs since January, 67 acquired new skills as stenographers, 44 as automobile setup men, 33 as combination welders, 29 as machine tool operators, 26 as data processing technicians, 16 as salespersons, 15 as electrical appliance repairmen, 12 as radio-television mechanics, 11 as furnace installers and 9 as automobile body repairmen.

Ninety-eight per cent of the trainees are employed in 30 Michigan counties with the remaining two per cent in Wisconsin, mainly in Marinette and Milwaukee.

### Briefly Told

The Fraternal Order of Eagles, 1088 will meet Tuesday, Nov. 2, at 8:30 p.m. All members are urged to attend.

American Legion Auxiliary of the Escanaba River Post Unit 115 will meet at 8 p.m. Wednesday at Flat Rock Town Hall.

Patrick R. Browne, son of Mr. and Mrs. Roy Browne, Portage Point, and a graduate of Holy Name High School, has enrolled for the fall quarter at the Milwaukee School of Engineering.

The Delta County Radio Club will meet at Bay de Noc Community College, Room 10, tonight. The 8th St. entrance is to be used. Trooper Alvin Rajala, Michigan State Police, Gladstone, will speak. Explorer Scouts have been invited to attend also and visitors will be welcomed. New assignments for REACT will be announced.

## Trial Started In Bank Holdup Fatal To Three

LINCOLN, Neb. (UPI)—With his life at stake, Duane Earl Pope goes on trial today for a \$1,500 bank robbery in which three persons were slain and a fourth wounded.

The government contends the former college football hero should be hanged for what has been called the bloodiest bank robbery in modern times. The defense says Pope's "mental condition at the time" makes him blameless.

Shy, handsome and rangy, Pope, 22, Roxbury, Kan., was graduated last May from McPherson (Kan.) College where he starred at end on the football team. Twelve days later, on June 4, the Farmers State Bank at Big Springs, Neb., had a visitor whose primary business was not the

farm loan about which he asked.

The holdup man pulled a revolver rigged with a silencer on bank President Andy Kjeldgaard, 77, and ordered him and three employees, to lie on the floor.

The four were shot twice each — one shot aimed at the neck, the second at the heart.

The only one to survive was the nephew of the bank president, Frank Kjeldgaard, 25, who made no sound as the bullets entered his body. He probably will be the prosecution's key witness.

As the bandit left the bank, a wheat farmer, Otto Mauser, opened the bank door. The bandit nodded. "Good morning," he told Mauser.

The alarm was sounded in seconds. Several hours later, traced through the rented car allegedly used in the robbery, Pope became the No. 1 suspect and a nationwide manhunt was launched. It ended several days later when Pope's college president made an appeal, written by United Press International, asking him to surrender.

Tired of running, Pope surrendered in Kansas City, Mo. The government says Pope confessed the bank robbery and slayings. Should the alleged confession be admitted as evidence, it would be the prosecution's strongest point.

### 'Magic Words' Theme Of Cub Scout Meeting

BARK RIVER — The Bark River Cub Scout Pack 445 met Thursday night in the Bark River-Harris Elementary School. Colors were presented by Cubs Vernon Chase, Joseph Knauf, James and Robert Bash, followed by roll call of Cubs and parents. The traveling trophy went to Den II, for the most parents present.

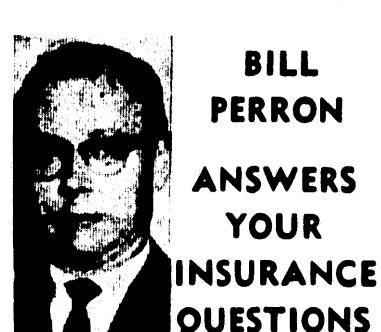

The theme for October was "Magic Words" and the program was presented by Den II. Participating were Kris Erickson, James and Robert Bash, William Belanger, Matt Hanson, Joseph Knauf, Keith Hurtbese, Dennis Moniowczak, Mark and William Ray and Calvin Wendrick. Den Chiefs who assisted were Robert Teal, Dale Kwarciany and Ted Bash. Den Mothers directing were Mrs. Jack Erickson and Mrs. Theodore Bash.

The National Summertime Pack Award was given to the pack for conducting an outdoor summertime program and ribbons were presented to individual dens by Cubmaster Norman for having the required attendance at these meetings. Lunch was served by the Den I parents.

Give name, address, telephone number and  
brief employment history.

## Ore Shipments Dwindle; Total Under Year Ago

Shipments of raw ore from the Gogebic range to Escanaba have been steadily declining beginning last year and are now ended — with the result that the North Western will

move about one-half million tons less ore from Escanaba this year than it did in 1965.

"Since Gogebic ore stopped coming about two weeks ago we have been falling behind last year each day," said Lee McMillan, C&NW dock agent.

Gogebic range mines, now out of production, last year sent more than 1 million tons of iron ore to Escanaba via the North Western for shipment to smelters on the lower lakes. Production has been phasing out on the Gogebic range for several years, and there has been no development of low grade ore beneficiation to replace it.

But benefited or pellet ore from the Menominee and Marquette ranges this year will account for about 55 per cent of the total ore shipments to be made by the North Western from Escanaba, said the dock agent. The rest will be raw ore.

October shipments here were 704,325 tons compared to 924,569 tons for the same month last year.

For the 1965 season to date there have been 5,235,884 tons of ore shipped from Escanaba by the North Western in 371 boats. This compares to 5,483,932 tons in 403 boats for the same period last year.

"We will continue to drop behind last year as the season goes on because of the closing of the Gogebic mines," said McMillan. "When the season closes — whatever that date is — we will be quite a bit under, perhaps a half million tons."

This year ore shipping is expected to halt about Dec. 10 with about 6 million tons shipped.

Last year the season closed at Escanaba on Dec. 18 and the total was 6,477,606 tons of ore.

## U. J. LaBonte Dies At Powers

**SPALDING** — Urgelle J. LaBonte, 69, lifelong resident of Spalding, died at 9:20 a.m. Sunday at the Pinerest Medical care facility at Powers. He had been a resident there one year.

Mr. LaBonte had been employed as a woodsman and was Spalding Township constable for 25 years.

He was born May 22, 1896, in Spalding and married Georgiana Cota on June 12, 1920, in Stephenson.

He was a member of St. Francis Xavier Church of Spalding and the Holy Name Society.

He is survived by his widow, one foster daughter, Mrs. Leroy Nelson of Spalding, two brothers, Napoleon Sr. and Nelson, both of Spalding, and one sister, Mrs. Eli Pirtol of Gladstone.

Friends may call at the Kell-Tondin chapel at Spalding after 4 p.m. Tuesday. Funeral services will be held at 9:30 a.m. Wednesday at St. Francis Xavier Church with the Rev. Fr. Walter Franczek officiating. Burial will be in Spalding Township Cemetery. The rosary will be recited at 8 p.m. Tuesday.

## Harriet Cornell Taken By Death

Mrs. Harriet S. Cornell, 71, of Washington Island, passed away at the family home at 1:30 p.m. Sunday, Oct. 31. She was born Oct. 17, 1894 in Washington Island and was a member of the Trinity Lutheran Church where she taught Sunday school for 25 years. She was also a member of the Women of the Church organization.

Surviving are her husband William, two daughters, Mrs. Lorman (Harriet) Greenfield, Racine, Wis., and Mrs. Stanton (Kathleen) Olson, Two Rivers, Wis.; 6 grandchildren, 2 great grandchildren; three sisters, Mrs. C. Arthur Anderson and Mrs. Hans B. Bonfeldt, Escanaba and Mrs. Andrew Cornell of Washington Island.

The body has been taken to the Anderson Funeral Home and will be removed to the Trinity Lutheran Church where friends may call after 7 p.m. tonight. Funeral services will be held at 1:30 p.m. Tuesday from the church with the Rev. Chester C. Norenhauser officiating. Burial will be in the family lot in the Washington Island Cemetery.

**JOHN CHOWN**, director of the Escanaba Area High School band, right, presented a certificate of appreciation to Harnischfeger Corp. and Henry Harnischfeger of Milwaukee for the company's role in helping to finance the band's recent appearance in Milwaukee at the Green Bay Packers' football game. Accepting the award, which makes Mr. Harnischfeger an honorary member of the Area High School band, is Ray Fish, general manager of the Escanaba Division. (Daily Press Photo)

## School Selects 'The King And I'

"South Pacific" and "Oklahoma!" will be followed on the Escanaba Area High School music department's "hit parade" with the Rodgers and Hammerstein play "The King and I" for its winter stage production.

The selection of "The King and I" was announced today by Conrad Beck, music director. The play will be presented in the Area High School auditorium for four nights, with curtain time at 8 o'clock, on Nov. 29 and 30 and Dec. 2 and 3.

John Romstad of the Bay de Noc Community College staff will again be the drama and technical director. The pit orchestra will be composed of Escanaba String Ensemble members, music department faculty, and student musicians. Other members of the public school staff are assisting in other assignments.

Tickets for the production will be handled by the members of the High School Choir. Every effort will be made to meet the requested night, section and row. There will be 500 tickets available for each performance.

Last year's performance was sold out in 20 days and there were requests for an extra performance, but this was not permitted under royalty rights.

## Tony Cass, Golf Champion, Dies

Clinton C. (Tony) Cass, one of the finest golfers in the Upper Peninsula and perennial contender for the Escanaba Country Club men's championship, died suddenly of a heart attack at his home Saturday night.

He was 40 years old and was employed as foreman of the Michigan State Highway Department's sign shop.

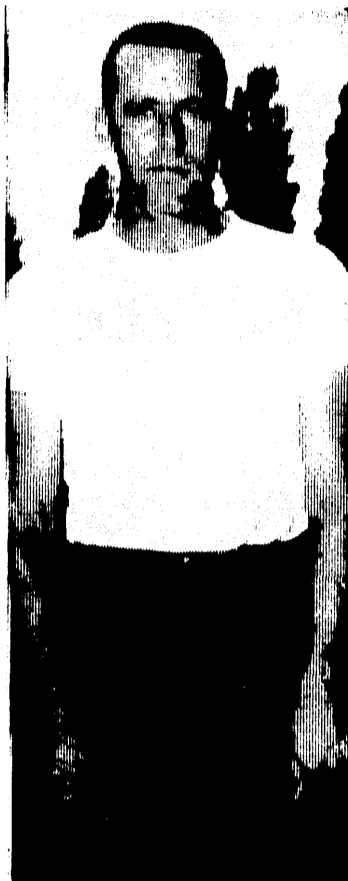

Winner of the Country Club men's championship about 10 times, Tony Cass had perhaps his finest summer in 1958 when he won the Upper Peninsula golf championship in Escanaba and then added the Tri-Club and Country Club championships.

He was always considered "the man to beat" in Country Club tournaments. He began his golfing career when a caddy at the Country Club and continued through high school, in Escanaba.

He also served for several years as greenskeeper at the Country Club.

Tony Cass was born Oct. 16, 1925, and had been a resident of Escanaba all his life. He served with the U. S. Navy during World War II. He was a member of St. Thomas Church.

He is survived by his widow, the former Joyce LeClair, and one son, Stephen. They made

Tony Cass

their home at 1122 Washington Ave.

Also surviving are two sisters, Mrs. Stanley (Adele) Jensen of Escanaba and Elaine Cass of Chicago, and one

## Powers Man, 44, Hurt By Tractor

**NORWAY**—Milton Poquette, 44, of Powers, was reported in "good" condition today at Anderson Memorial Hospital here where he was taken Saturday after a tractor he was driving overturned on top of him.

The attending physician said Poquette was suffering from a fractured pelvis.

Poquette was working alone on the Roy Harris hunting camp on the Cedar River Road about 11 miles north of Spalding when the accident happened. He was found unconscious about 4:30 p.m. Saturday by Harris, of Powers, and taken by ambulance to the hospital.

## Damsel Is Male

**MARGATE, England (UPI)**—The Coast Guard rushed to the rescue Sunday of a "little old lady" a helicopter had reported adrift in a small boat off this sea resort. It turned out to be male with shoulder length hair calmly fishing.

brother, Robert, of Chicago.

Friends may call at the Allo Funeral Home from 3 to 8:30 p.m. Tuesday. Parish prayers will be recited at 8 p.m. Tuesday. Funeral services will be held at 9 a.m. Wednesday at St. Thomas Church with the Rev. Arnold Thompson officiating. Burial will be in Holy Cross Cemetery.

## Strike Up The Band

As the Escanaba Area High School Band was going out to perform at halftime for the Green Bay Packers-Dallas Cowboys football game at Milwaukee a man called to John Chown, the band director:

"When I lived in Escanaba 30 years ago there weren't as many kids in High School as you've got in that band!"

The band had played at the Packers-Cardinals game at Green Bay Sept. 11 and so impressed the Packer manager of entertainment that it was invited back for the Dallas game in Milwaukee on Oct. 24.

We are seeing a new dimension in school activities here. The high school band has been growing in stature for years, but the Eskymo adventure at a Pro Football League game in Milwaukee was something new. When most parents of today's high school students were in high school the band blew more home than wind into its horns and wasn't ever invited to put on a television show.

The high school football team got the cheers then, and it still does, but the band has graduated from a sideline group with feeble burning to a major attraction at school games. When the Packers invited the Eskymos to come down on Sept. 11 Chown explained that if the school wanted to honor the invitation it would be necessary to put in a lot of extra ticks of practice. Everyone was willing, including the parents, some of whom hauled their kids long distances to rehearsals.

School didn't start until September, but twice a day for two weeks and daily for three weeks the band practiced. From Cornell and Bonav Falls, from South Ford River and other distant points they came to start their band season a month early. There were 10 new members in the marching band who had never marched a step with it before.

Escanaba Area High School's music program is the best in the U.P. and probably one of the best in Michigan and Wisconsin. The school has 600 boys and girls playing band instruments. There are 117 in the marching and concert band and 110 in the varsity band of freshmen and sophomores. David Locken, head of junior high school instrumental music, shares the honors with Chown for outstanding leadership and he arranged the opening fanfare on a West Side Story theme for the show developed for the Packer games. Conrad Beck, music department coordinator was field announcer.

The fine school facilities and excellent direction gave the band its start, but the bandmen contributed its greatness themselves. This is the essence of good schooling, to stimulate students to peak performances which can only be achieved with maximum efforts of the students themselves.

This has happened with the band program. In a time and in a nation where people are reputed to be increasingly in a "blame me my government check" mood, 90 per cent of the students in the band have provided their own musical instruments. And good ones aren't cheap.

The students in pre-school rehearsal started to discipline each other. They came to realize that their performance depended upon others and others' performances upon them and that "one kid could foul it up." They developed good teamwork.

The Escanaba Chamber of Commerce collected \$650 from Escanaba businessmen to send the band to Green Bay. The Packers and Harnischfeger Corp. halved the \$1,000 cost of buses for the Milwaukee trip. It was great fun, although arduous, with the big buses rolling south at 6 a.m. Photographer Dick Wiles of Lee's Studio made a photo record of the trip, supplied pictures to the Press and put a bushel of apples aboard each bus.

There was no chance for a warmup rehearsal and the band had to adjust immediately to the enlarged surroundings before the pregame show. The sound pickup for television was a bit disappointing in the big baseball stadium after the bowl at Green Bay, but the trip was a triumph.

On Monday the bandmen gathered at the school to talk about it and feel good about it. They got a great satisfaction out of the game show, said Chown. They had shown everyone that they could do something difficult and the reward was a sense of accomplishment.

"I hope," he said "that it carries over into other activities, this pride in themselves, in their school and their community; so that they do things correctly and well."

In a pre-trip pep talk he told them "Some of you have never given 100 per cent of yourselves to anything. For once give 100 per cent. If you do it once you might do it again."

They're over that first hump now.

## People, Events Of Yesteryears

From the files of the Escanaba Daily Press

### 25 YEARS AGO

On his small ranch near the Soo Hill on the Danforth road, Robert S. Adams has 300 White Holland turkeys which he has raised from day-old poulters to proud strutting fat birds of six months, who are nurtured and fed as carefully as the horses of Mrs. Astor.

With 13 active cases of whooping cough in the county now, Dr. Fred A. Tonny Delta County health director, warned that the disease is serious and "not just one of those things a child must go through."

Around the police station you could scarcely have guessed it was Halloween. Police are used to light Halloween duties since institution of a high school Halloween carnival a few years ago, but last night brought a new low in activity.

### 50 YEARS AGO

Members of the Escanaba lodge of Moose will be treated to an unusual feast prepared by an unusual chef. County Clerk A. J. Pepin will turn

chef for the night and prepare an abundance of genuine French pea soup.

The unusual method was employed by Dona Shy, local drayman, to aid a delivery wagon driver stalled in a hole in the street on North Dousman, near Ludington. The delivery wagon was loaded high with barrels of apples and the single horse was unable to pull the load through a deep hole in the street. Mr. Shy appeared with his draying team. Instead of pulling on the stalled rig he backed his wagon against the load of apples and at a command to his horses they plunged backward, pushing the rig and horse out of the hole.

Smith said Lake Superior now provides a "utopian situation" for the remaining lampreys as the supply of lake trout increases and competition among eels is less.

Studies conducted by Canadian divers indicates that as many eels leave Lake Superior via the Soo Locks as enter the lake by the same route.

Smith noted eels apparently do not successfully spawn in Lake Superior proper, but need the quieter, softer bottoms of streams and a few connected inland lakes.

Observations seem to indicate the lamprey congregates in certain areas of the lake, resulting in a higher percentage of fish markings in that area.

Cite Concentrations Areas of lamprey concentrations are Keweenaw and Munising Bays and certain areas in the western end of the lake, he said. It was noted, however, that West Bay at Grand Marais, Mich., a former lamprey habitat, no longer has eels.

Richard Pycha, Ashland, regional coordinator, U. S. Bu-

ATTENDING THE LAKE Superior commercial fisheries conference at Northern Michigan University, Marquette, recently were, from left: Congressman Raymond Cleveland; Claude Ver Duin, Grand Haven, Midwest Fisheries Council and U.S. commissioner, Great Lakes Fishery Commission; E. D. Premetz, Ann Arbor, U.S. Bureau of Commercial Fisheries; Dr. Harry C. Tanner, Lansing, Michigan Department of Conservation; and Robert Saffield, Ann Arbor, Great Lakes Fisheries Commission.

## State Plan For Fisheries

# Lake Trout In Comeback

By JAMES CARTER

of The Russell Newspapers

Trout in Lake Superior are starting to make a comeback, but greater efforts have to be made if the lake is to produce this and other desirable species on a scale to support healthy commercial and sport fisheries.

Sea lamprey control and lake trout restocking programs were given a thorough review by the Lake Superior Advisory Committee recently at Northern Michigan University, Marquette.

The group, representing Michigan, Wisconsin and Minnesota, heard reports from federal and state agencies and commercial and sport fishermen during its five-hour, 8th annual conference.

Control Lampreys

A parasitic invader from the Atlantic, the lamprey eel is rapidly being brought under control in Lake Superior, said Bernard R. Smith, Marquette, director, Great Lakes lamprey control program of the U. S. Bureau of Commercial Fisheries.

An intense irradiation program of chemical treatment of Lake Superior tributary streams, begun about a decade ago, has paid off well, Smith reported.

Using the chemical "TEM" and a network of electric lamprey weirs, all streams capable of being used as eel spawning grounds have been included in the double-pronged attack.

Figures used by Smith illustrated the lamprey's apparent sharp decline. He said this season, 11,800 adult lamprey eels were taken in Lake Superior streams by the program; about the same number in 1964, but 55,000 less than in 1961.

Rivers producing most lamprey eels are the Brule, Two-Hearted, Sucker and Betsy, although the numbers taken have dropped sharply in the last two years.

It was pointed out that extensive studies have indicated the TMF poisoning agent does not accumulate in aquatic life or stream and lake bottoms to any dangerous degree, and has been found to have apparently no long range adverse effects.

The lamprey control program has been carried out in American waters of Lake Superior by the U. S. Commercial Fisheries Bureau and on the north shore by the Ontario Department of Lands and Forests, where over 70 streams have been included in the program.

Lake Michigan Effort

Lake Michigan is currently the target of an intensified lamprey control program which will be largely expanded. Lake Huron is slated to be the scene of similar operations starting in 1967, and Lakes Erie and Ontario will be included in the program.

Smith said Lake Superior now provides a "utopian situation" for the remaining lampreys as the supply of lake trout increases and competition among eels is less.

Studies conducted by Canadian divers indicates that as many eels leave Lake Superior via the Soo Locks as enter the lake by the same route.

Smith noted eels apparently do not successfully spawn in Lake Superior proper, but need the quieter, softer bottoms of streams and a few connected inland lakes.

Observations seem to indicate the lamprey congregates in certain areas of the lake, resulting in a higher percentage of fish markings in that area.

Cite Concentrations Areas of lamprey concentrations are Keweenaw and Munising Bays and certain areas in the western end of the lake, he said. It was noted, however, that West Bay at Grand Marais, Mich., a former lamprey habitat, no longer has eels.

Richard Pycha, Ashland, regional coordinator, U. S. Bu-

reau of Fisheries, noted an encouraging decrease of fresh lamprey scars on lake trout. Fish caught by the Bureau's trawler and commercial fishermen cooperating in the program, show from 10 to three per cent are scarred this year, he reported. In some cases it was less.

Pycha said lamprey have always been fewer in offshore waters than in areas close to shore.

The Wisconsin conservation spokesman said lamprey scarring in that state's waters has also been declining.

Scarring Remains High

In Minnesota waters, the situation was not so good. Charles R. Burrows, St. Paul, supervisor of the fish and wildlife division, Minnesota Department of Fish and Wildlife Division, Minnesota Department of Conservation, said the percentage of lamprey sign on trout remains high, at about the usual 30 per cent of trout caught, although about 6.4 per cent are fresh scars.

Smith told the commission "much has still to be learned" in effective control of the lamprey eel, its habits, migrations, and reproductive cycles, but, generally, the program has been "very successful."

Robert W. Saffield, Ann Arbor, assistant executive secretary, Great Lakes Fisheries Commission, reviewed the lake trout restocking program in Lake Superior.

The U. S. Fisheries Bureau and the Ontario Department of Lands and Forests planted 1,843,700 lake trout in Lake Superior so far this year, he said. Canada's contribution totaled 467,000. The majority from both agencies were fingerlings.

Restocking Desired

Over six million fish are currently on hand in U. S. and Canadian hatcheries for planting in the rest of this season and next year, he said. Of this total, 4.5 million are in American hatcheries and about 670,000 in Canada.

There was unanimous agreement among members of the committee and those at the hearing that the restocking program should be stepped up quickly as possible in Lake Superior.

Wisconsin was the first state to begin a large scale planting effort over 10 years ago, and its program is paying big dividends. Fishing in Wisconsin's Apostle Islands area has shown much improvement, the state spokesman said.

Survival Rate Low

Rate of survival of planted fingerling trout is very low in many cases. Trout surviving to maturity have reached as high as 37 per cent of a plant, but sometimes drops as low as one or three-tenths of a per cent.

Trout population and survival estimates are admittedly "very rough, and often inaccurate."

Curry said a goal was to "build up a good spawning stock" which could propagate naturally.

The need for building up the trout population in Lake Superior above present levels was underscored by several reports. Current low numbers of trout were said to be not reproducing fast enough for a good natural supply. Consequently, most fish caught are hatchery trout—in a self-defeating "put-in, take-out" cycle.

Sport Fishing Accent

"A high priority will be given to sport fishing in the Lake Superior area and throughout the state," said Dr. Howard C. Tanner, Lansing, chief, Fisheries Division, Michigan Department of Conservation.

Over 40 per cent of Great Lakes waters are in Michigan's jurisdiction.

"We are trying to get to know popular fishing areas better, provide more public lake access spots, harbors of refuge and mapping," Tanner added.

A policy of limiting the number of commercial fishermen licensed to operate on Great Lakes waters met with general approval by Lake Superior fishermen. Dr. Edward Schneberger, Madison, Wis., said, but was strongly opposed by those on Lake Michigan.

Tagged "Limited entry," the policy would put a strict quota on the number of commercial fishermen licensed to fish lake trout, the amount of gear used, and would impose eligibility regulations on license applicants.

Ontario has the power to enforce limited entry and has put the policy into effect where commercial fishing warrants it. Minnesota, where limited entry has been in effect on large inland lakes for years, had little difficulty extending it to Lake Superior waters.

A bill giving Wisconsin conservation authorities the power to limit commercial fishing for trout is before the state legislature.

A Michigan attorney general's ruling permitting Michigan authorities to enforce limited entry, made 18 months ago, has been recently reversed, and the Conservation Department has been urged to get legislative approval of limited entry enforcement. Conservation spokesmen said this will be attempted soon.

Tanner said a "major emphasis" will be placed on "steelhead" trout plantings. A hardy species, the steelhead of the lamprey better than most lake and rainbow trout, he noted.

Officials were highly optimistic for the successful introduction of the coho (silver) salmon into Lakes Superior and Michigan. Apparently adaptable to both salt and fresh water, the coho is a popular sport and commercial fish in the Pacific Northwest and Alaska.

Shipments of 2.6 million coho eggs from hatcheries in Oregon, Washington and Alaska will arrive in Michigan for planting next season, Tanner said.

This species are constant feeders and are expected to feed on large, unwanted alewife population and also on smelt.

## Retrial Asked In AP Lawsuit

SHREVEPORT, La. (UPI)—Attorneys for the Associated Press announced they would ask for a new trial of former Maj. Gen Edwin A. Walker's libel suit against the news agency and the New Orleans Times-Picayune.

Walker was awarded \$3 million by a jury Friday in less than two hours of deliberation. But Walker, in his complaint, asked only \$2.25 million. State law in Louisiana puts a ceiling of \$2.25 million damages in such suits.

Walker sued AP and the newspaper for a story which said he led a charge of students on federal marshals during riots of Sept. 30, 1962 when James Meredith, a Negro, sought to register at the University of Mississippi.

Nervous Novice

CULVER CITY, Calif. (UPI)—Mrs. Rose Brenner, 62, was so nervous about taking her driving test Friday that she didn't sleep the night before.

When examiner David Lees, 49, told her to start driving, Mrs. Brenner jammed her foot on the accelerator.

The car leaped the curb, brushed a pedestrian and crashed through the wall of the Motor Vehicle Department.

## The Doctor Says: Ann Landers Surgery Debate Disturbs Diners

By Dr. Wayne G. Brandstadt

A reader has written to me about my statement that an operation is not usually needed for a congenital defect in the heart. She quotes her local heart association as saying that confirmation of such a defect should be followed by passing a catheter into the heart to determine (1) the size of the defect, (2) the direction of the flow of blood through the defect, (3) the amount of blood flow through the defect, and (4) whether the defect interferes with the aeration of the blood in the lungs.

She then asks whether this procedure shouldn't be followed rather than waiting for symptoms of severe heart trouble.

There is no doubt that the procedure outlined provides a sound basis for determining whether an operation is necessary and, if so, what type of operation. It is also true that the surgical correction of a congenital heart defect can change a cardiac invalid into a healthy, robust child.

I would not advise waiting for severe heart trouble to develop before advising an operation, but neither do I believe that every child with a heart defect should be put through the ordeal outlined.

Many a child with a very loud murmur has a small leak that is of no clinical significance. I have known such a child to develop a cardiac neurosis because some doctor just out of medical school told him, or his parents, there was something wrong with his ticker. A good doctor can learn a lot about a child's heart and how well it is working without running a hose up his arm and into the heart.

My 5-year-old grandson has a small defect in his heart. It does not interfere with his activity but his doctor advises surgical correction because it is likely to cause him trouble as he grows older. What do you think?

There are several kinds of congenital heart defects and the degree of severity of each is subject to wide variation. If your grandson has a patent ductus arteriosus (an opening between his aorta and his pulmonary artery, which normally closes in the first four months of life) he may be handicapped as he grows older. With this defect life expectancy, without corrective surgery, is 23 to 40 years.

Q—is blowing a wind instrument harmful to the heart or lungs of a 12-year-old child?

A—No. If the heart and lungs are normal to begin with it should be beneficial. Practically all the fine players in our orchestras and bands began playing their instruments at an early age.

## They'll Do It Every Time

By Jimmy Hatlo

## Garden Peninsula

Army Private William Doyle left Thursday for Fort Houston at San Antonio, Texas after spending a two week leave at the home of his parents, Mr. and Mrs. Henry Doyle. William completed 10 weeks of basic training at Fort Leonard Wood, Mo. He is in the Medical Corps and will receive advanced training at Fort Houston.

Jude Collins of River Rouge spent the weekend at the home of his mother, Mrs. Jennie Collins.

### Birthday Parties

Mr. and Mrs. Paul Grosnick, daughter Paula and son Paul of Libertyville, Ill., were weekend guests at the home of Mrs. Grace Griffin and Mrs. Sarah Giusiano. Relatives and friends helped little Paula celebrate her 6th birthday Sunday. Refreshments including a birthday cake decorated in pink and white were enjoyed. Mrs. Griffin and Mrs. Giusiano are Paula's great aunts.

Mr. and Mrs. Jack Thennes

entertained friends of their daughter Karen on her 8th birthday, Wednesday, Oct. 27. The afternoon was spent in playing games. A six o'clock supper was served and the birthday cake centering the table was decorated in pink, white and blue. Room decorations were in the Halloween motif. Attending the party were: Rebecca Tatrow, Pamela Forhart, Marci Peterson, Margaret Lester, Mary Lynn Jacques, Mary Boudreau, Corine Rasmussen, Lauri Lucas, and Suzy Cota.

Mr. and Mrs. John Smith Jr. and son Patrick of Escanaba, visited Sunday at the Collins home.

Mr. and Mrs. Gerard Collins and son Scott of Lompoc, Calif., are visiting for a month with Mrs. Jennie Collins.

One of the earliest plants to be raised for use in clothing is flax. From flax, linen was made, and this cloth was held in high regard by ancient peoples.

## Island Irked By MRA Story

LANSING (UPI)—The Mackinac Island State Park Commission has demanded that the Moral Re-Armament movement either produce supporting evidence or publicly apologize and retract charges that Communists and brothels exist on the island.

The demands were made in a resolution approved at a commission meeting here and were inspired by quotes attributed to Basil Entwistle, who is a director of MRA demonstrations.

Entwistle told United Press International in an interview on the island that Communists had been placed in the village. He also referred to brothels on the island.

Park Commissioner Wilfred F. Doyle said he knew immediately after reading the statements Oct. 14 that Entwistle's statements were "not true" and that it was the duty of the commission to "smoke this thing out."

## Handy Helpers Elect Officers

POWERS-SPALDING — The 4-H Handy Helpers of Powers-Spalding, elected officers Wednesday afternoon at the home of Mrs. Earl Kell. New officers are: president, Bonnie Wieciech; vice president, Pamela Naser; secretary, Mary Wheeler; treasurer, Debbie Kell; recreation, Lois Detzen; historian and reporter, Mabel Bellmore.

A discussion on selecting patterns and materials was held. Plans were made to make favors for patients at Pinecrest Medicare.

### Pink and Blue Shower

Mrs. Walter Peterson was the honored guest at a pink and blue shower held at the home of Mrs. Alfred LeBoeuf on Monday evening. Hostesses were Mrs. LeBoeuf, Mrs. Clifford Poupore and Mrs. Don LeBoeuf. Mrs. Ronald Sharkey won the door prize. Games were played and a delicious lunch was enjoyed by all.

## Michigan Week Planning Meet Scheduled Here

One of a series of meetings in planning for the observance of Michigan Week will be held in Escanaba at the Chamber of Commerce building at 10 a.m. Wednesday, Nov. 10.

Paul Penfield, general chairman of Michigan Week, will participate in the regional meetings. He is advertising director for the Detroit Edison Co.

Accompanying Penfield will be Don Weeks, Lansing, executive director of the Greater Michigan Foundation; Keith M. Forsberg, deputy general chairman of Michigan Week, Dr. Tom Cook and J. Willis Owen, all of Northern Michigan University, Marquette.

Richard Larsen, city manager of Munising and Michigan Week region two chairman, will conduct the Escanaba meeting.

Other meetings are scheduled for Gaylord, St. Ignace, and Hancock.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

## Pasty Sale

RAPID RIVER — St. Charles Borromeo Altar Rosary Society will have its monthly pasty sale, Wednesday, Nov. 3 at the church parish hall from 11 a.m. to 3 p.m. Anyone wishing to place advance orders may telephone Mrs. Andrew Wils, 474-6751, Mrs. Victor Novak, 474-5916 or Mrs. Mary La-Crosse, 474-6650.

# How come 2,000,000 people in Michigan are insured by Metropolitan Life?

More and more of your neighbors are training a sharp eye on the future. In the process, they're discovering how useful Metropolitan's modern, diversified lineup of plans and policies can be.

For instance, Metropolitan has a plan that guarantees you an income as long as you live. Even if you live to be 110!

### New—life income of 9% for men 65

If you're a man about to retire at 65, our new rate of payments on straight-life annuities can guarantee you an annual income for life—derived from principal and interest—of 9% of the purchase price.

And, although women outlive men, we can provide almost as good a return for them. We also have annuities for couples, provid-

ing income for as long as either one lives.

Note especially the word *guarantee*. For the amount you pay in, only an annuity gives you so large and so dependable a retirement income—*guaranteed* for life.

And remember, too, you now get the advantage of Metropolitan's best annuity rates in a quarter century.

### Exceptional value for younger men and women

The younger you are when you invest in an annuity, the more it builds up for you over the years. Now's the time to get started.

Annuities are just part of the up-to-the-minute selection of life and health insur-

ance plans you'd expect from America's leading life insurance company. Get the facts from your Metropolitan adviser.

More choose Metropolitan Life *millions more than any other company*

There are many reasons why Metropolitan Life insures 45,000,000 people—more than any other company. One good reason is local, personal service from the Metropolitan advisers at your nearest office:

# Women's Activities

## St. Stephen's To Complete Drive This Week

Members of St. Stephen's Episcopal Church are completing their Every Member Canvass this week. It began Sunday afternoon when teams of laymen and women began calling on each family in the parish to inform them of the work of the Episcopal Church on the local, diocesan and national levels and obtain their commitment to the church for the coming year.

Before the calls were made, those participating attended training sessions to acquaint them with their duties. Serving as general canvass chairman was Dr. Charles Cole with E. L. Pohl as vice chairman and Carl Wickman, advisory chairman. Division chairmen were Norman Arntzen, Ben Johns and Vernon Ihlenfeldt.

Team captains were Don Nelson, Ed Hurley, Roland Peterson, Mrs. Robert Hanson, Albert Piquette, Ted Cavadeas, August Brazeau, John Lueneburg, Charles Johnston, and Mrs. Ihlenfeldt. Making up the teams were: Cecil Chase, Mrs. Hurley, Mrs. Uno Norman, Mrs. Charles Bisdie, Mrs. Arthur Beaudoin, Mrs. Eric Froberg, Mrs. William Bisdie, Mrs. Vernon Johnson, Mrs. Cole, Mrs. William Hay, Mrs. Ed Eltenhofer, William Coon, David Johnson, Mrs. Arntzen, Mrs. Barnett Mills, Mrs. James Kent, Mrs. Robert Micensky, Lowell Burkland, George Douglas, Warren Johnston, Don Ohman and Charles Folio.

A suspicion of curry powder added to baked beans that are being heated gives interesting flavor.

MRS. SOPHIE ANDREWS, who works in the food service department at Pinecrest Medicare Facility, celebrated her 25th year as cook, on Friday, Oct. 22. The occasion served a double purpose as Mrs. John Maga Sr. retired after eighteen and-a-half years of employment in the house-keeping department. A coffee social was enjoyed by all the Pinecrest staff.

## Veterans, Auxiliary Hold Annual Dinner

The Veterans of Foreign Wars and Auxiliary held their annual membership dinner Wednesday evening with 150 members and guests in attendance.

Arthur Brien, speaker for the evening, commended the post and auxiliary for their active participation in Americanism and also the progress made since their organization over 30 years ago.

## Open House Will Honor Couple

Friends of Mr. and Mrs. F. Douglas Walker, 1510 17th Ave. S., are invited to an open house in honor of their 25th wedding anniversary. It will be held at the Donald Ness residence, 2101 Lake Shore Drive, Tuesday, Nov. 2, beginning at 7:30 p.m.

## Social-Club

The St. Patrick's Ladies Guild will meet Wednesday, Nov. 3 at 8 p.m. in the church basement. Mrs. Art Christensen and Mrs. Howard Rusha are co-hostesses for the evening.

## Church Women To Observe Community Day

Local Protestant church women when they observe the annual World Community Day, Friday, Nov. 5 at the Bethany Lutheran Church will examine how Latin Americans, caught in a web of poverty, hunger, ignorance and disease, can develop their full potential.

Plans for the Escanaba Council of United Church Women were announced today by Mrs. Donald Ness, WCD chairman.

"World Community Day is part of the on-going desire of church women to express their Christian concern for the needs and problems of people throughout the world."

Prior to World Community Day, church women are sewing children's smocks for use in overseas church-supported institutions. In response to overwhelming requests for assistance, yard goods, yarns and towels are also being collected.

Mrs. Ness explained, "We are also assembling simple hand-made sewing kits, stocked with needles, thread, pins, buttons and scissors to help the women of Latin America meet the needs of their families."

World Community Day is sponsored annually by United Church Women, a department of the National Council of Churches, representing some 13 million Protestant and Orthodox church women in the United States.

## Escanabans Attend Meeting In Canada

Two Escanaba men are among five American Episcopalians attending the national workshop on the work of the Anglican church in the rural area of Canada, taking place this week in Saskatoon, Sask.

The Rev. Ben F. Helmer, Rector of St. Stephen's Church, Escanaba, and John Lueneburg, a layman of the same parish, will be observers. Other Americans include the Rev. William Davidson, Jamestown, N.D., Bishop-elect of Western Kansas, and the Rev. Herman Page, Kansas City, Mo., associate secretary of the division of domestic mission of the Episcopal Church.

Delegates from the Dioceses of the Anglican Church of Canada, the counterpart of the Episcopal Church, will discuss the problems facing the rural or small-town church today.

## Patricia LaVigne Wed To Paul J. Cayer

At a nuptial High Mass in the Sacred Heart Church in Schaffer Sat., Oct. 30, at 5:30 p.m., Patricia Louise LaVigne became the bride of Paul Joseph Cayer, 618 Archer Ave., Aurora, Ill. The Rev. Fr. C. J. Mark officiated at the double ring ceremony. The Sacred Heart choir provided the traditional wedding music and as the bride placed a bouquet at the statue of the Blessed Virgin, they sang "On This Day Oh Beautiful Mother." The bride is the daughter of Mr. and Mrs. Alfred LaVigne, Rte. 2, Bark River. The bridegroom is the foster son of Mr. and Mrs. Frank Butler, Rte. 2, Schaffer.

The bride wore a floor length gown of white velvet made by her sister and it featured a bell shaped skirt with a detachable train, which was secured at the waist by a bow. The fitted bodice was detailed with a scoop neckline and long tapered sleeves with wrist points. Her elbow length veil of illusion was held by a white velvet crown. She carried a bouquet of white carnations centered with a cluster of red sweet-heart roses and sprays of ivy.

The attendants were attired in floor length gowns of red velvet featuring bell shaped skirts, elbow length sleeves and scoop necklines. They each wore headpieces of red velvet. Their only jewelry were heart shaped pendants, which they received from the bride.

Maid of honor for her sister was Janet LaVigne and bridesmaid was Linda Lantagne, friend of the bride. Flower girls, Dawn Marie Buckland and Lorna Lynn LaVigne were dressed identically to the bride and they wore white velvet headpieces and heart shaped pendants. Ring bearer was Ricky Demeuse of Gladstone and he carried a white velvet pillow with red velvet streamers. Serving as best man was Joe Demeuse, Gladstone and groomsmen were George Ketcham, Gladstone. Performing ushering duties were Charles LaVigne, Milwaukee and Darrell Butler, Two Rivers, Wis.

Mrs. LaVigne was dressed in a sheath dress of Caribbean blue with black accessories and she wore a corsage of red and white pompons. Mrs. Butler wore a red wool knit sheath with brown accessories and she

## Washington Fun Night Is Huge Success

The Halloween carnival sponsored by the Washington School PTA held Friday evening proved to be a very successful event.

The goblins, skeletons, Indians, angels, TV characters and others enjoyed the many activities prepared for them by chairman Mrs. John Anderson, Mrs. Leo Niquette and room representatives.

The fish pond of the first and second combination room lurched many anglers and was ably conducted by Mrs. Eugene Merrill, Mrs. Leona Erickson, Mrs. Joseph LeDuc, Mrs. Wilfred Beauvais, Mrs. Hazel King, Karen Pultz and Judy Bruce. At the candy shop, catering to sweet tooth lovers were Mesdames Rene Marcoe, Naimi Woodard, Donald Wolf, Orville Butts, first grade mothers. Highway 66 was very busy with the kiddie rides and directing traffic were, Mesdames Richard Wagner and Herbert Caron of the fifth grade.

The cake walk provided treats for many families and distributing cakes were Mesdames Kenlyn Steinmetz, Alta Cass, Lillian Anderson and Emmett Crepeau of the second grade. Ushering at the movies were Mr. and Mrs. Nick Dennessen, Wallace Pultz, Richard Larsen and Paul Drefs, third grade. Dickie Larsen operated the projector. The country store of the sixth grade drew many patrons with its varied bargains, clerks were Mesdames Wallace Pultz, Hubert Roberts, Myrtle Tolman, James Casey and Wilfred Beauvais. More fun was had in the games room at the kindergarten with the Mesdames Richard Pryal, Mildred Boyce and Fred Tucker.

The lunch room table centered with a huge Jack-O-Lantern was laden with many goodies to tempt the appetite of all. Serving were Mesdames Nyle Nelson, Clarence Shiner, Ruth Tippet, Leo Niquette, Thomas Reidy and Richard Moras, fifth grade. On the clean-up committee were Clarence Shiner, Nyle Nelson and Richard Moras. Door keepers were Joseph LeDuc and Clarence Shiner.

ROCK — Mrs. Naimax Perry, 62, of Marquette, died unexpectedly Saturday night enroute to a Marquette hospital after suffering a heart attack. She is the former Naima Halmajoa, who was born in Rock Jan. 9, 1913.

She is survived by her husband, Leonard, of Marquette; a son Ronnie Koski, of Pontiac; a daughter, Mrs. Elsie Waterman of Wausau, Wis.; a brother, Maini Halmajoa of Rock; two sisters, Mrs. Mae Hill of Tre-nary and Mrs. Sylvia Maki of Detroit and four grandchildren.

The body was taken to Swanson Funeral Home, Marquette, where friends may call starting this evening. Services will be held at the funeral home at 1 p.m. Tuesday. A short burial service will be held at the Rock cemetery about 2 p.m. Tuesday at interment.

The ladies aid of the Ford River American Sunday School Union met recently at the Union Mission Center and the following officers were elected for the 1965-66 season. Mrs. Mary Wellman, president; Mrs. Esther Oshe, secretary; Mrs. Vi Coleman, ladies aid treasurer; Mrs. Carrie Larson, Sunday school treasurer and Mrs. Cleo LaBay, social secretary.

New members are invited to join and more information may be had by calling 786-2429.

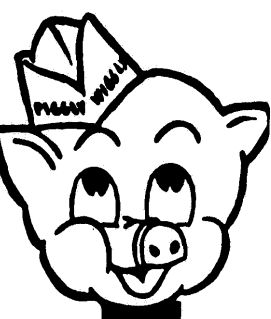

## Cemetery Masses Planned Tuesday

There will be masses held at the Holy Cross Cemetery Chapel on All Souls Day, Tuesday, Nov. 2. The masses will be held at 8:30, 9, 9:30 and 10 a.m.

## Births

PECHOUS — Dr. and Mrs. Charles Pechous, Kenosha, Wis., are the parents of a son, Charles Edward the 3rd, born Friday, Oct. 29, and he weighed 6 pounds 8 ounces. He is their first child and the mother is the former Shirley LaLonde.

Add lots of drained capers to mayonnaise or mayonnaise-type salad dressing and serve, instead of tartar sauce, with fried scallops. If you like, you may add diced pimiento along with the capers.

# C&H Strike End Stirs Memories

The vote by which members of the United Steelworkers ended a strike of nearly three months against Calumet & Hecla, Inc., Calumet Division, on Sunday recalls the historic strike against the company in July, 1913, which is regarded as a turning point in that area.

Copper industry had peaked up to that year and declined afterwards, although it is now moving upward again, both on the Keweenaw Range and to the west in Ontonagon County, where Copper Range Co.'s White Pine Copper Co. mine has become one of the largest underground copper mines of America.

The long strike of 1913 was the only one in which the entire Michigan National Guard was called out for strike duty.

The strike was caused, mine officials said, by the introduction of the one-man drill. This drill, they pointed out, is now in use in practically every mine of this kind in the world and does not do the harm which was attributed to it. Mine officials also contended that the strike was engineered from without, by the Western Federation of Miners, and not by their own men.

On the other hand they admitted that one of the gravest mistakes they made was the hiring of a detective agency of guards who turned out to be little above the level of professional gunmen.

"When things were getting quiet around here these bullies would assault some inoffensive worker and start all the fireworks blazing again," said James McNaughton of C&H, who was pictured at the time of the copper strike, (in a mixed allusion) as "the iron man of the Copper Country" and an implacable foe of union labor.

The kidnapping and armed deportation of C. H. Moyer, the union leader who had sent Marie Baka to Michigan, was the subject of an investigation by the U.S. Senate. She distributed money in relieving distress among the striking miners and won the confidence of union leaders, although a double agent.

Fourteen men were shot in the 1913 strike, many more were waylaid and slugged. Neither side had a monopoly

on violence. The climax came when two strike breakers from Toronto were shot dead in their beds.

But the tragedy was climaxed in a Christmas Eve party for children of striking miners at the Italian Hall in Calumet when a false cry of "Fire" was raised. The children filled a big stairwell with their bodies, jammed against a closed door. The 74 bodies were carried to the little homes that clustered about the mines.

The tragedy broke class and economic lines. The Citizens Alliance backed a relief campaign for the families involved in the Christmas party tragedy and \$50,000 was contributed, but C. H. Moyer, the union leader, demanded that the money be turned over not to the sufferers, but to the Western Federation of Miners for distribution as union relief. Feeling ran so high that Moyer was escorted out of Houghton by armed men. He returned weeks later for a U.S. Senate inquiry. The strike was over, the Western Federation repudiated. The miners got most of what they had demanded, but the one-man drill remained.

## Highland Closing Party Is Huge Success

Halloween fun was had by all at the Highland Golf Club closing party held Saturday, Oct. 30. The theme of the party was "Changing of the Season" and the Halloween motif was also carried out in the decorations. Prizes for costumes went to Mr. and Mrs. David Laakso, Mr. and Mrs. Jerome Deloria and Mr. and Mrs. George Walter. A delicious ham dinner was served and dancing was to the music of Harland Lippold and his orchestra.

Serving on the committee for the evening were, Mr. and Mrs. John Greis, chairman, Mr. and Mrs. Edwin Olsen, Mr. and Mrs. William O'Connell, Mr. and Mrs. Francis Costley, Mr. and Mrs. Nick Chapelski, Mr. and Mrs. Fred Breitenbach, Mr. and Mrs. Fern Dupey and Mr. and Mrs. Tom Irish.

## Power Halted By Falling Tree

High winds that toppled a tree onto the Upper Peninsula Power Co. line between Escanaba and Rapid River caused a power outage for about 45 minutes in the Rapid River, Stonington, Nahma and Highway 13 areas Sunday night.

The power went off at about 7:15 and the line was cleared and power was restored about 8 o'clock, said Gary Barton of U.P. Power Co.

Traffic lights as well as home and farm power were out because of the accident. Residents burned candles and others lit old-fashioned kerosene lamps or gasoline lanterns until power was restored.

## Harnischfeger Names Treasurer

MILWAUKEE — Gilbert B. Schmus, secretary of Harnischfeger Corp. for the last two years, has been elected treasurer of the firm and George B. Knight has been named secretary and general counsel.

Schmus succeeds W. L. Carter as treasurer. The latter will remain as corporation financial vice-president. Schmus will continue as secretary of Harnischfeger Corp. of Canada, Ltd.

Knight was formerly corporate attorney for Mead, Johnson & Co., Evansville, Ind., and formerly was in the Northwestern Mutual Life Insurance Co. legal department.

## Briefly Told

A grass fire that got out of control blackened a section of Portage marsh Sunday afternoon. Firemen were called at 1:30 o'clock. They reported the fire started in the marsh east of the 1900 block, Lake Shore Drive.

Escanaba police have issued traffic court summonses to William Carlson, 915 3rd Ave. S., disobeying a stop sign; and Dennis D. Deneau, Gladstone Rte. 1, disobeying a traffic signal.

ments made or pending by insurance companies is one of the major problems Kelley's opinion is expected to solve.

The fund will not pay claims for on-the-job injuries suffered by drivers who are covered by workmen's compensation.

Hare advised uninsured drivers, who for some reason have difficulty in obtaining insurance, to try the Michigan Automobile Assigned Risk Plan which makes insurance available although at high premiums—to most motorists through carriers doing business in Michigan.

Hare said he hoped the new law would bring the insurance level up to 90 per cent or higher on the more than four-million registered vehicles.

"I don't think too many persons—if they would give it some thought—would jeopardize their futures and face other punitive action for \$34," he said.

## GOP Task Force To Visit Delta On Tour Of U.P.

A Republican women's task force will be in Delta County Thursday, Nov. 11, to present the Michigan Republican party's new program and goals for 1966 to women's groups and Young Republican organizations.

The task force will be headed by Mrs. Ruth Hobbs of Ann Arbor, president-elect of the Michigan Republican Women's Federation. She will be accompanied by Mrs. Robert Jones, second vice president-elect, and Mrs. Charles Haynes, fourth vice president-elect.

The Escanaba visit is part of an Upper Peninsula tour. The group will visit Chippewa, Luce and Schoolcraft counties on Nov. 8, stop in Alger, Marquette, Houghton and Baraga counties on Nov. 9, and hit Ontonagon, Gogebic and Dickinson counties on Nov. 10. They will also visit Menominee County on Nov. 11.

## You're Welcome

DENVER (UPI) — Several years ago thieves took the doorman at the Gotham Hotel and Manager Tony Cook offered a reward for its return.

Recently, Cook saw a picture of the local Lambda Chi Alpha fraternity house with the hotel doorman at the doorway of the fraternity. Cook told the fraternity to keep the mat and the reward is going to medical research.

## Gladstone Man Jailed On Gun, Larceny Counts

Gerald A. Willis, 26, of 1013 Delta Ave., Gladstone, was committed to Delta County jail today to begin serving 25 days after he failed to pay fines on two separate charges lodged by State Police.

Willis pleaded guilty to a simple larceny charge and to violation of pistol permit laws when arraigned before Justice A. J. Mortier.

He was given 15 days for the pistol permit violation count and 10 days on the larceny charge.

State Police said Willis was arrested along with Fred J. Monhead, 17, of Sundell (Marquette County) and charged with larceny of gas-line from the Joseph LeBombarde farm north of Lathrop in Marquette County. Monhead pleaded guilty when arraigned Sunday and was sentenced to 10 days in jail.

Calvin C. Willis, 41, Rte. 1, Rock, also was charged with violation of pistol permit laws and he paid fine of \$2.70 and costs of \$4.30 after pleading guilty before Mortier.

State Police said Calvin Willis had given Gerald a pistol without proper registration procedures and that Gerald sold the gun to a 16-year-old boy illegally.

## New Medicare

CRANSTON, R.I. (UPI) — Rep. John E. Fogarty, D-R.I., Sunday called for a federal "living care" program to provide long-term medical and social care for the 2.5 million elderly persons he contends will not benefit from most federal old-age programs because they are physically or mentally unable to take advantage of them.

# Lions Could Use Seven More Los Angeles Games

LOS ANGELES (UPI)—Seven more games with the Los Angeles Rams and Detroit just might be in the National Football League title race.

For the second time this year the Lions whipped the hapless Rams, this time by a lopsided 31-7 score, under the leadership of recently elevated quarterback George Izo in an NFL game Sunday.

The loss was the fifth in a row for the smog-bound Los Angeles team and burned them even deeper in the Western Division basement. Unfortunately for the Lions, they can't pick on the Rams again this year. In the two games scheduled between the teams, Detroit has scored a total of 51 points compared to 7 for L.A.

Izo wasted no time in getting Detroit out of its three game losing streak. As a matter of fact, after his first two plays from scrimmage Detroit had scored enough points to give them the win.

## Quick Scores

Detroit kicked off to the Rams to open the game and when Bobby Smith fumbled the kick, Elmer Clark pounced on the ball for the Lions, only 16 yards from the Rams goal. Izo slipped the ball to halfback Joe Don Looney who swept around the left side for the score on the first play from scrimmage.

So the Lions kicked off to Los Angeles again. The Rams had to punt on fourth down and Detroit took over again on its own 39 yard line. Izo, who had been suspected of having an arm for the long "bomb," let the secret out and fired a 61 yard scoring

pass to flanker Terry Barr.

That made the score 14-0 after Wayne Walker had kicked a pair of extra points.

Detroit didn't score again in the first half and the defense kept L.A. off-balance and away from the touchdown territory.

In the third quarter Izo directed a 41-yard march which Looney capped off with a nine-yard sprint around left end, making it 21-0 for Detroit.

The drive was set up on another Smith fumble and helped along by a 34-yard pass interference penalty against rookie defensive back Clancy Williams who was covering Barr.

Los Angeles scored its only touchdown of the day when quarterback Bill Musson tossed to Marlin McKeever for a 47-yard scoring play.

Plum connects Detroit came back for its first

pass to flanker Terry Barr. That made the score 14-0 after Wayne Walker had kicked a pair of extra points.

## Northern Trips Top Rated Team As Fleet Stars

By United Press International  
Northern Michigan, making a bid to gain back some of the prestige it lost three weeks ago, upset No. 1 ranked small college power, Findlay (Ohio), 21-19, Saturday.

Dave Fleet provided most of the fireworks for Northern by blasting 70 yards for one touchdown and then returning a Findlay punt 85 yards for the deciding tally.

Northern had been among the top ranked teams in the nation until Central Michigan, a traditional foe, had succeeded in pinning a 31-30 loss on the Wildcats.

In the Michigan Intercollegiate Athletic Association, the Albion Britons put the wraps on their second straight title by winning their fourth game in a row, 28-12, over Olivet on the passing of senior quarterback Dave Neilson.

Kalamazoo, a team which had led the MIAA until last week, suffered its second straight loss, taking a 34-0 drubbing from Hope College. Harlan Hyink fired a pair of touchdown passes to Bill Keur to lead the way for Hope.

In the final MIAA contest Alma used Jim Grey's first quarter field goal to good advantage and defeated Adrian, 3-0. The loss dropped Adrian into the league basement with a 1-4 record.

Michigan Tech, the Northern Intercollegiate Conference champion, got a surprise from Northwood Institute as Northwood's halfback Bill Simmons scored on a 50-yard run, ran for two extra points and threw a 25 yard pass for another touchdown. Northwood won the game, 20-13.

Western Michigan pushed to a 17-14 win in its Mid-America Conference game with Marshall. Duke Livingston booted three field goals, including a 14-yard

er late in the game, to provide the winning margin.

Freshman Ray Sliwinski threw two touchdown passes for Wayne State as the Tartars pushed over visiting Case Tech, 23-7, in a President's Athletic Conference game.

Eastern Michigan, led by the passing of Ed Mass, battled to a 14-14 tie with Western Reserve at Cleveland Saturday.

Mass tossed to Karl Malone and Jim Zoltowski for the Hurricanes' only scores of the day.

Hillsdale, powered by a pair of touchdown runs from Fred Wicht moved to their fourth win in seven games by dumping Kentucky State, 26-18.

In the final game involving Michigan teams, Central Michigan squeezed past Western Illinois, 9-7.

## Michigan State Is Among Front Runners For Bowl Bids With Perfect Mark

By United Press International  
Michigan State, Nebraska and Arkansas, the nation's top three college football teams, continue to be front runners in the race for bowl bids after keeping their perfect records intact with impressive victories last weekend.

Michigan State hammered out a 49-7 victory over Northwestern in its effort to win the Big Ten Conference title and gain a Rose Bowl berth. Fullback Bob Apisa scored three touchdowns and ran for a two-point conversion to lead the Spartans' attack, which gained 461 yards compared to only 93 for Northwestern.

Halfback speedster Clint Jones added two touchdowns and quarterback Steve Judy tied for 126 yards and one TD.

Orange and Sugar Nebraska's Larry Wacholtz kicked a 64-yard field goal with less than six minutes remaining to give the Cornhuskers a 16-14 victory over eighth-ranked Missouri, which had grabbed a 14-0 lead in the first period.

Representatives from the Orange and Sugar Bowls watched

stiffer competition next week in a trip to Green Bay. The Packers took their first loss of the season, to Chicago Sunday, and will be aiming to hold onto their tie for first place with Baltimore.

Detroit, with a 4-3 record, is now one of three teams tied for third place. The others are Chicago and Minnesota.

## Royals Climb Without Big O

By United Press International  
The Cincinnati Royals are continuing their climb out of the National Basketball Association Eastern Division cellar even without backcourt star Oscar Robertson.

Robertson, who injured his right eye last week against Philadelphia, watched from the sidelines Sunday night as the Royals overcame a 62-57 halftime deficit to defeat the Detroit Pistons 113-107.

Adrian Smith finished with 22 points while Wayne Embry, Jack Twyman and Art Heyman each had 15 to pace the Royals to their third victory in the last four games.

Willis Reed scored three points and Howard Komives added two more in the last minute of play to give the New York Knickerbockers a 104-103 victory over the San Francisco Warriors, who had their winning streak snapped at four straight, staged a brilliant comeback after trailing 90-76 with eight minutes left, but they failed to overhaul the Knicks, who were paced by Dick Barnett's 30 points.

The Boston Celtics, behind the shooting of Willie Naulls and Sam Jones, defeated the Baltimore Bullets 105-100. Jones scored 30 points and Naulls tallied 24 as the defending champion Celtics came back from a 12-point deficit in the third period.

## Turner Paces Stock Drivers

ROCKINGHAM, N.C. (UPI)—Curtis Turner, nursing his brakes and a cracked rib, wheeled his 1965 Ford to victory Sunday in the \$68,000 inaugural American 500 Stock Car Race.

Turner finished about 10 seconds ahead of another Ford driver, Cale Yarborough, to climax one of the most successful comeback stories in the history of the National Association of Stock Car Auto Racing (NASCAR).

The 43-year-old lumber dealer from Charlotte was considered the top driver in the business when he was suspended from NASCAR in 1961 for trying to unionize drivers. The suspension was lifted this year and the victory here was his first NASCAR win since 1960.

Turner's win over the new mile-long North Carolina Motor Speedway before 35,000 race fans also put a damper on Chrysler's return to NASCAR's super speedways. Chrysler had four factory-backed cars entered—two Plymouths and two Dodges—but only one was running at the end, far behind the leaders.

Plymouth driver Richard Petty of Randleman, driving relief for stable-mate Jim Paschal, held the lead from lap 275 to 359 and had lapped the entire field. However, his distributor failed him on the 360th lap and when he came back on the track he was 11 laps behind Turner.

Petty's own Plymouth was wrecked on the 59th lap when he was forced into the wall by Dodge pilot David Pearson, whose car blew a tire.

## Tough Bear Defense Hands Pack Initial Setback Of Season

By United Press International  
The Chicago Bears are back to their old habit of snaring enemy passes, and it's helping the team recapture some past glory.

The Bears, whose defensive secondary intercepted 36 passes during their championship season of 1963, managed to snag only 10 last season and fell to sixth place in the National Football League's Western Conference, but this year they seem to have regained that magic touch and a chance at the conference title along with it.

In the last four games the Chicago secondary has picked off seven opponent's passes, and the Bears have four consecutive victories. The most impressive performance turned in by the defensive unit occurred Sunday when the team intercepted three Bart Starr tosses to set the stage for a 31-10 upset victory over the previously undefeated Green Bay Packers.

Upsets marked the remainder of the day's NFL action as Detroit upended Los Angeles 31-7. New York tripped St. Louis 14-10. Minnesota turned back Cleveland 27-17. Pittsburgh topped Dallas 22-13. Washington nipped Philadelphia 23-21 and Baltimore downed San Francisco 34-28.

The Bears' rugged defense kept the Packers back on their heels all afternoon, and Starr, victim of only two previous interceptions all season, saw three of his efforts drop into the hands of Bears Doug Atkins, Bennie McRae and Dave Whitell.

McRae's steal set up the Bears' first touchdown, a 13-yard pass from Rudy Bukich to Jim Jones, and McRae's steal set up the deciding TD, scored by rookie Gale Sayers on a 10-yard run.

Green Bay scored the first time it had the ball and didn't tally again after a second period field goal by Don Chandler.

Detroit also turned in a sturdy defensive effort to topple the Rams. The Lions recovered five fumbles and intercepted three passes to hand Los Angeles its fifth straight loss. The Rams set the pattern of the game when they fumbled the opening kickoff and Detroit recovered on the Los Angeles 16. Joe Don Looney swept left end on the next play to score his first of two touchdowns.

New York joined the Cardinals' title hopes with a second half come-from-behind victory after trailing 10-0 at the half. Earl Morrall got New York its first score with a 21-yard TD pass to Aaron Thomas in the third period, then rookie Tucker Frederickson added the clincher in the final stanza on a four-yard run after he had scampered 41 yards to set it up. The victory moved the Giants into

second place tie with St. Louis. Cardinal fullback Bill Triplett gained 176 yards on 22 carries.

**Browns Failure**  
The Browns, however, failed to capitalize on the Cardinals' loss as Viking quarterback Fran Tarkenton engineered an upset Tarkenton clicked on a 72-yard scoring toss to Tommy Mason and a two-yarder to Bill Brown in the second period to give the Vikings a 21-10

half-time advantage, a lead they never relinquished. The Vikings' defense also turned in its best performance of the season, holding Jimmy Brown to just 39 yards in 18 carries.

Bill Nelsen hurled three TD passes as the Steelers won their second in a row after five losses. Nelsen, who hadn't thrown a TD pass until last week against Philadelphia, threw two to Gary Ballman and a third to Dick Heck while completing 18 of 35 passes for 272 yards.

Sonny Jurgensen passed for two scores and the Redskins' defense held the Eagles scoreless for almost three periods as Washington won its second straight after five losses.

Jurgensen connected with Charley Taylor and Bobby Mitchell for touchdowns to best rival Norm Snead who came off the bench to fire scoring passes to Ray Poage and Earl Gros.

Baltimore's Johnny Unitas led the Colts to a share of first place in the Western Conference with four touchdowns passes against the 49ers. Unitas, who connected with Ray Berry and Tony Lomet in the first half, clicked with Jimmy Orr for two scores in the second half, the second of which provided the Colts with their margin of victory. John Brodie, who fired two scoring passes in a losing effort, suffered a separated shoulder in the fourth period and was expected to be lost to the team for at least 10 days.

**Look In Future Mighty Bright For Spartans**

EAST LANSING (UPI)—The word going around is that Hugh (Duffy) Daugherty has got another football dynasty going at Michigan State.

A dynasty, by dictionary definition, is a race of succession of kings from one family, and a run down the talent-laden MSU roster indicates Daugherty will have a succession of kingly football teams in years to come.

Next season, Daugherty will have 12 of the 22 first string players back on this season's offensive and defensive units, and 30 of the 44 men who make up the first two squads on offense and defense.

Among the key players returning in 1966 will be halfback Clinton Jones, and Gene Washington, barefoot kicker Dick Kenney, tackle Jerry West, and defensive men, Jerry Jones, Chuck Thornhill, Charles Smith and George Webster, who is being boomed for All-American honors this year.

**Fresh Hopes**  
The year after that, Daugherty will get back five first stringers and 10 second stringers from the powerful 1965 squad, including such established standouts as fullback Bob Apisa, halfbacks Drake Garrett and Dwight Lee and defensive safety Jess Phillips.

Most of those named so far are graduates of two successive outstanding freshmen teams, who moved into the 1965 varsity lineup and pulled MSU from a mediocre, 4-5 record in 1964 toward the pinnacle of college football.

And this year the Spartans have a freshman team equal to any that has arrived on campus in recent years, according to Ed Rutherford who coaches the squad.

Rutherford can rattle off a dozen names of freshmen who someday may be making headlines in the Big Ten. He doesn't object when newsmen remark the prospects are his boys will be making a dynasty.

"I'd say that is because of all the hard work Duffy Daugherty's put into recruitment of these fine boys," he said.

**Third Hawaiian**  
The most often mentioned, and maybe the most talented freshman prospect is Chuck Wedemeyer, a little quarterback who can run with the halfbacks and toss bullet-like passes while sprinting to the sidelines. He directed his squad 80 yards to a touchdown in seven plays in his first scrimmage only two weeks ago.

Wedemeyer, who followed Apisa and Kenney from Hawaii to the MSU campus, is the much younger brother of Herman Wedemeyer, who passed, ran and kicked little St. Mary's College of California into national football prominence during the late 1940s.

**Berlinski Included**  
"I'm sure that when he knows our offense he'll be a real good one," Rutherford said.

But the coach warned Wedemeyer would be hard-pressed to outrank a couple of other freshmen quarterbacks, Bill Feraco, Greensboro, Pa., and Bob Super, Ferndale, Mich.

Other top freshmen prospects are fullback Regis Cavender from Detroit Cathedral, 260-pound defensive tackle Roger Runinski, Walled Lake, back Dick Berlinski, Kingsford, offensive tackle Neal Peterson, Pontiac Central and two linebackers—Mike Garofalo, Warren, and Mike Young of Detroit Holy Redeemer.

## State Driver Hot Rod Champ

TULSA, Okla. (UPI)—Maynard Rupp of Harper Woods, driving a top fuel eliminator dragster, turned in 200 miles per hour and an elapsed time of 7.82 seconds Sunday to win his division in the National Hot Rod Association's world championship finals.

Winner of the top gas eliminator division was Jim Minnick of Nitro, W. Va., with an elapsed time of 8.27 seconds and 178.57 mph. Second was Richard Warwick of Houston, Tex., with 9.60 seconds and 138.46 mph.

Joe Smith of Lubbock, Tex., led the field in the top stock eliminator division. His Plymouth covered the quarter-mile from a standing start in 11.23 seconds at a top speed of 126.58 mph.

Doug Kahl of Lansing, won the junior stock eliminator class with 13.48 seconds and 99.88 mph, and Gene Moody was first in the street eliminator class with 12.47 seconds and 109.48 mph. Virgil Cates of Mansfield, Ohio, was first in the competition class with 10.93 seconds and 115.38 mph.

More people get more news from newspapers than from all other sources combined.

## Wings Play Tie With Canadiens In Pro Hockey

DETROIT (UPI)—Like a couple of sluggish giants, Detroit and Montreal played ho-hum hockey for fifty minutes Sunday night and then came on to pack a whole game's worth of scoring excitement into six minutes of the final period.

The result of the sudden scoring outburst was, nevertheless, a tasteless 2-2 tie, leaving Montreal with a 3-1-1 mark on the National Hockey League season and giving Detroit a 1-3-1 record.

During the first two periods and the first 10 minutes of the last stanza, neither team could score. Despite aggressive, often rugged, but more often ragged tactics, the scoreboard showed a blank.

Occasionally either the Canadiens or Wings would sweep in for a dashing, dazzling shot but always goalies Roger Crozier, for Detroit, or Charlie Hodge, of Montreal, would turn the shot back.

## Bathgate Scores

Finally, after the halfway mark of the final period, the 12,543 fans at Olympia Arena saw some of the scoring they had come to see. But it was Montreal which "broke the ice" and climbed onto the scoreboard first.

Right winger Jim Roberts took a pass from Jean Guy Talbot and raced down the ice all alone to zip the shot past Crozier at 11:47 of the third period.

It took Detroit less than three minutes to knot the game again. It happened when Andy Bathgate, with assists from Gordie

Howe and Alex Delvecchio, slipped home a long shot from the right side of the Montreal net.

But the determined Canadiens hesitated only 30 seconds to pelt their powerful offensive unit in front of the Detroit goal and keep poking at the puck until Bobby Rousseau finally got a stick on it and pushed it into the net behind Crozier.

That gave Montreal the lead, 2-1, at 15:12 of the final session but the Red Wings were good for one more goal as young Paul Henderson stuffed a shot past Hodge at 17:35 after assists from Bruce MacGregor and Howe.

**Martin Stifed**  
Both teams' efforts to regain the lead in the closing minutes were futile and the tie stood.

Howe's two assists for the night, and the one for Delvecchio, moved Detroit's early season scoring leaders into a tie for seventh place among the top NHL point getters. Delvecchio has one goal and four assists for his five points. Howe has failed to connect on a goal yet but has five assists.

Detroit's Pit Martin was forced out of action late in the second period when he was struck accidentally by the stick of Montreal's John Ferguson. Martin required four stitches to close a cut on the inside of his mouth.

The next game for the Red Wings will be Thursday night when they entertain the still-winless Boston Bruins at Olympia.

## Spartans One Win From Crown

By United Press International  
The Michigan State Spartans shut out at least a Big Ten title Saturday with triumph over Iowa—the league's winless cellar-dweller.

The Spartans crushed Northwestern 49-7 last Saturday to make the title appear almost inevitable. After the hapless Hawkeyes, Michigan State closes out its Big Ten action against Indiana, a winner only over Iowa in four conference outings.

Neither Iowa nor Indiana poses

much threat to the No. 1 team in the nation. Northwestern shut out both of them.

Only Ohio State and Minnesota appear to have longshot chances for the championship, and if either ties Michigan State will get the Rose Bowl bid because it's been longer since they made the California trip.

Ohio State nipped the Gophers 11-10 at Columbus Saturday. The Buckeyes will entertain Indiana this weekend, while Minnesota plays host to Northwestern.

Purdue, touted as the team to beat before the firing started, suffered its second conference setback of the season at the hands of Illinois. Illini Coach Pete Elliott called his squad's 21-0 victory "the greatest team effort I've ever seen."

The Boilermakers will try to salvage some prestige against Wisconsin Saturday. The badgers will be trying to bounce back from a 50-14 steamrollering by Michigan. Illinois will face the Wolverines, who finally are showing the punch expected

from them before the season began.

Note Dame Coach Ara Parseghian said Sunday the Irish were "flat" during the first half of their 29-3 conquest of Navy. But Parseghian said his team "came together in the third period for one quarter of good football."

The Irish meet the Pittsburgh Panthers this weekend, then entertain North Carolina before their Nov. 20 showdown with Michigan State.

# Eskymos Blank Crusaders In History-Making Clash

## Haack Scores Twice To Set Victory Pace

The Escanaba Eskymos punctured Holy Name's defenses for 315 yards rushing and passing enroute to a 26-0 Great Northern Conference victory in the first meeting between the schools in history here Saturday.

Halfback Bob Haack, stellar two-way performer, scored two Eskymo touchdowns while quarterback Steve Anzalone passed to end Ed Gauthier for a third and center Tim O'Brien recovered a fumble in the Holy Name end zone for the fourth. Jim Hansen connected on two conversion boots to complete the scoring.

Haack and Anzalone triggered the Escanaba attack that netted 176 yards on the ground and 139 aloft. Haack ripped off 99 yards, mostly through the left side of the Crusader defensive unit. The 153 pound senior was a workhorse with 18 carries.

Anzalone, 5 foot 9 inch, 111 pound senior quarterback, directed the Eskymo attack in flawless fashion and zeroed in on five receivers in 10 aerial attempts, good for 93 yards. Ray Payment, Bob Irish and John Anderson bolstered the Eskymo running attack with solid contributions.

While the Eskymo offense dominated the game, the Escanaba defense completely stalled the Crusader attack. Holy Name was held to 49 yards rushing and 11 passing for an overall total of 60. The Crusaders were never able to reach the 50 yard line.

**Oman Back In Form**—Steve Oman, shaking off the effects of multiple injuries this season, was back in the form that made him an All-Upper Peninsula choice as a junior last fall, pulling to lead the blockers on offense and wrecking Holy Name's running game on defense.

Oman and Gauthier, who also turned in an impressive two-way performance, joined O'Brien in recovering Holy Name fumbles.

The Holy Name fumbles played an important part in the contest which failed to fill the 4,000 seat EHS stadium on a perfect football day. The Crusaders fumbled on two of the first three times they had the ball and kept Escanaba pounding on the Holy Name goal line throughout the entire first quarter.

A standout figure on defense for Holy Name was John Lehoullier, a 6 foot, 175 pound senior linebacker. He played like a man possessed to fire the Crusader defensive crew in a part of stirring goal line stands in the first 12 minutes of the game. He also intercepted one of Anzalone's aerials.

**Defense Has Job**—The Holy Name defensive players were called on for a full day's work and Lehoullier was joined by such standouts as Bob Brisco, Dale Shandoway, John Lark, Tom Menard and Dan DeGrand whose rugged play stymied Escanaba's early scoring attempts.

With the Eskymo defense keyed on halfback Bob Brisco, Bill Fodor became Holy Name's leading rusher with 40 yards in nine carries. Brisco was stopped with 16 yards in five trips. Menard and Mike Dubord rounded out the Crusader ground gainers.

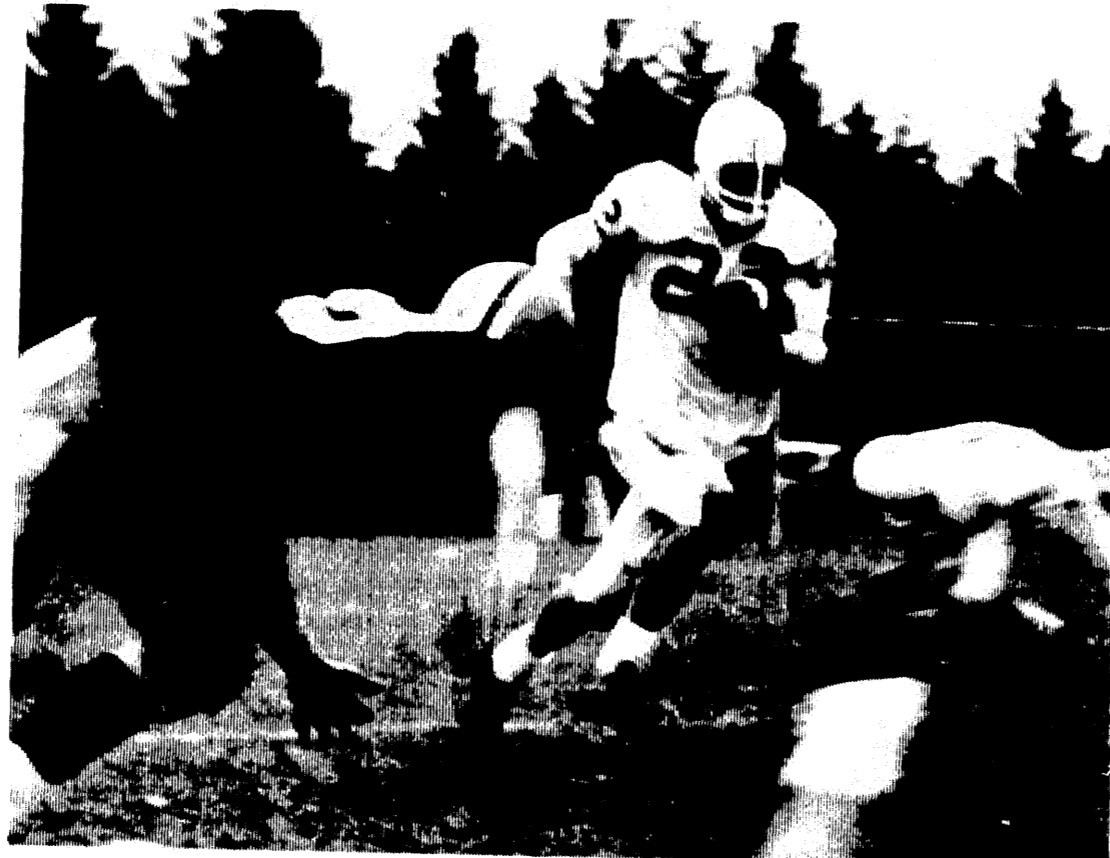

Holy Name's Jerry Wiles, 6 foot 2 inch, 170 pound junior, continued his outstanding kicking game, averaging 34 yards on seven boots. Escanaba did not punt in the game.

The Eskymos took the opening kickoff and Haack returned 8 yards to his 22. Escanaba charged into the first play from scrimmage without a huddle and Jack Long fired a bomb to Gauthier that barely missed producing a touchdown. Gauthier had to hold up slightly for the reception and was hauled down after a 47 yard gain on the Holy Name 31.

**Crusaders Stop Eskymo**—Anzalone pitched a 24 yard strike to Paul Miller to put the ball on Holy Name's 6 yard line. At that point Holy Name's defense rose to the challenge and held Escanaba to five yards in four running plays, including three by fullback Dan Scheuren.

It was wasted, however, as Fodor fumbled on Holy Name's first play from scrimmage and Gauthier recovered on the 7 yard line.

Again the Crusaders tightened their defense and stopped four Eskymo running plays by Haack, Scheuren and John Anderson, taking possession on their 1 yard line.

TOM MENARD, Holy Name's junior halfback, picks up good yardage following an Escanaba kickoff in the game at the Eskymo gridiron Saturday afternoon. Menard is a 5 foot 10 inch athlete who gained 17 yards in two carries from scrimmage for the Crusaders. (Daily Press Photo)

RAY PAYMENT, stubby little Eskymo halfback, is tackled by Holy Name's Joe LaFleur in first half action of the Eskymo-Crusader game Saturday. Payment is a 5 foot 4 inch 138 pound senior who gained 22 yards in seven carries for the Eskymos. LaFleur is a 5 foot 10 inch, 160 pound defensive halfback. The Eskymo player at the left is John Anderson. (Daily Press Photo)

## Braves End Season By Beating L'Anse In Tough 7-6 Tilt

L'ANSE — The Gladstone Braves closed out their 1965 football season on a successful note here Saturday, thanks to the accurate toe of quarterback Mark Goodman.

Goodman put his trusty foot into the piskin following a second quarter touchdown and split the uprisings for the 7-6 margin of victory over the Hornets.

Coach Don Pfotenbauer's gridners brought the curtain down on a 5-3-1 season in which they displayed marked improvement in every game. The Braves lost two of their first three starts, then won four, tied one and lost one the rest of the way.

The setback was the fifth against three victories and a tie for the Hornets of the Copper Country Conference.

Gladstone found the going rough in the shadows of the L'Anse goal posts. The Braves lanced deep into enemy territory on four separate drives that bogged down inside the L'Anse 20.

The Braves dominated the game with a solid running attack that produced 215 yards, blended with an accurate passing attack that added 50 yards on five completions in nine attempts.

Mike Damitz, 150 pound junior halfback, earned the hero's label for Gladstone by scoring on a 35 yard run on a reverse that caught the L'Anse defenders by surprise.

Damitz had one of his best days for the Braves, contributing 47 yards in five trips. Tom Stade returned to action following a knee injury and romped for 77 yards in 20 carries to head the Gladstone rushing department. Gary Larson added 65 yards in 16 trips. Goodman had 24 in eight and Mike Maniaci two in one.

Gladstone's ball control worked for 63 plays from scrimmage to 45 for the Hornets.

### Mike Moberg In Hospital With Injury

The Escanaba-Holy Name football game Saturday, first ever between the two city schools, was marred by a serious injury sustained by Mike Moberg, a 5 foot 7 inch, 160 pound Holy Name junior center.

Moberg was hurt in the first quarter of the game when he came in on a Holy Name punting situation to snap the ball to Jerry Wiles. It was his first appearance in action during the game.

The Crusader athlete picked up the football at the line of scrimmage to adjust it for the snap-back and was tackled immediately by an Eskymo defensive player, Mike King.

Moberg was taken to the hospital where x-ray examination revealed a compressed fracture of the lumbar vertebra in his back. The injury will require hospitalization for at least two weeks. It was indicated today by Coach John Krehor.

BOB HAACK flashes past an official enroute to the goal line for one of his two touchdowns in the Escanaba-Holy Name football game Saturday. The 5-10, 153 pound Eskymo halfback flashed into the corner of the end zone after a 15 yard sweep early in the fourth quarter. He was the leading runner in the game with 99 yards in 18 carries, scoring two of the four Eskymo touchdowns. Haack is a senior. (Daily Press Photo)

## Terrell Fights Chuvalo; WBA Changes Stand

TORONTO (UPI) — Canada's George Chuvalo and Chicago's Ernie Terrell clash tonight in a 15-round fight for the World Boxing Association's heavyweight championship.

Terrell won the title by beating Eddie Machen after the WBA stripped Cassius Clay of the title because he signed a rematch contract with Sonny Liston. Clay is still generally regarded as the heavyweight champion of the world despite the WBA's stripping the title away.

However, Sunday in Las Vegas WBA President Jim Deskin said the WBA would regard the Clay-Floyd Patterson fight Nov. 22 as the world heavyweight championship bout provided the winner of the Chuvalo-Terrell tussle meets the winner of the Clay-Patterson encounter. In effect, from the time the two fights are over until the time the two winners meet in the ring, the WBA will be recognizing two heavyweight titles.

**Free Swinging Terrell**—Terrell, at 6-foot-6, likes to fight in the middle of the ring. Despite his size and reach, Terrell likes to hang on and counterpunch. Chuvalo, five inches shorter but expected to be several pounds heavier, has a seven-inch reach deficit to overcome.

The Canadian and British Empire champion was expected to crowd Terrell toward the corners, where the champion's swinging room would be minimized. To accomplish this, Chuvalo has been working extensively on his footwork, which was sluggish in Madison Square Garden the night he lost a decision to Patterson earlier this year.

Former world champion Rocky Marciano has been advising Chuvalo and has warned him to avoid the center of the ring where Terrell must be the master.

**Chuvalo's Leader**—Chuvalo said he learned against Patterson, also a former world heavyweight title holder, not to depend on one punch against big-time opponents. He has been concentrating on combinations.

The WBA crown which Terrell wears has been tarnished somewhat by the general acceptance of Clay as the king of the heavies, and Chuvalo and Terrell regarded their fight as just a stepping stone to Clay to end the confusion surrounding the division.

Terrell has said that Chuvalo should have held out for a bout with Clay instead of signing to fight him for the WBA crown.

The loser of tonight's fight

OUR BOARDING HOUSE with Major Hoople OUT OUR WAY

by J. R. Williams

Legion Meeting Planned Tuesday

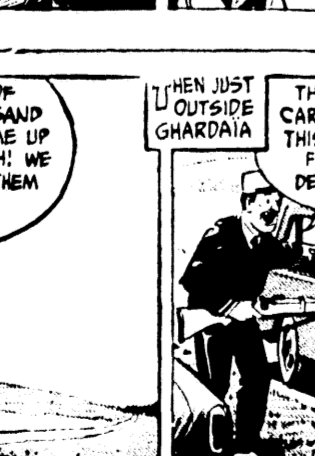

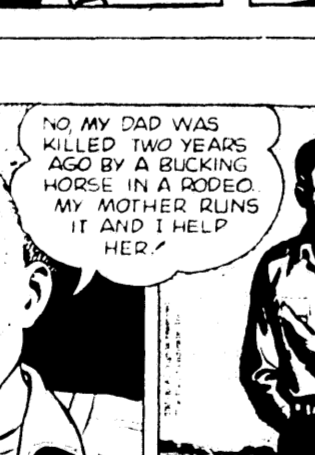

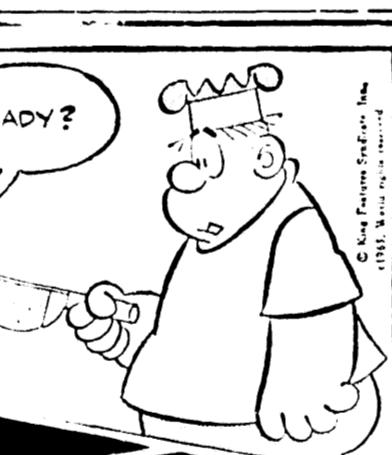

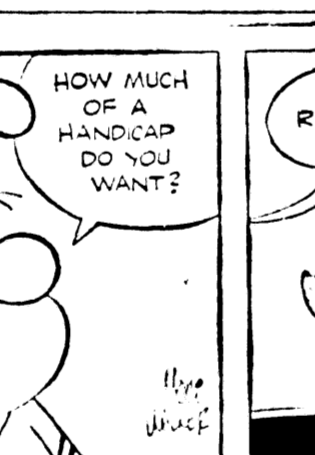

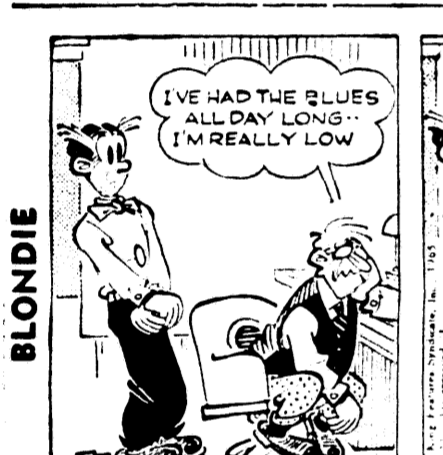

RAPID RIVER — Walter W. Cole Post 301 and auxiliary will hold a joint meeting Tuesday, Nov. 2, at 8 p.m. at the Rapid River Legion Hall. At 8:30 p.m., a Post Everlasting Ceremony will be conducted for deceased comrades: Clarence Aicher, Olaf Carlson, Charles Hammond, Algot Reinholdson, Ferdinand Sundberg, Norman Thorbjornsen, Ralph Hobbs. Past auxiliary members, Mrs. Edna Young and Mrs. Jennie Durand will be honored with memorial services. Evening hostesses are: Mrs. Bedda Sundin, Mrs. Ingrid Sundin, from Isabella, and Mrs. Signe Soderberg, Masonville. The public is invited to the memorial services.

GLADSTONE

Hayride Enjoyed By Youth Group

A hayride party was held by Rapid River Congregational Youth Fellowship Friday evening. Fellowship members and their guests met at the Ensign Township Hall where everyone boarded the haywagon. Following the hayride, the young people went to the church parish hall for recreation and refreshments. Games were in charge of Peggy McClintchy, Carol Bowen, Cindy Safford, refreshments, Klint Safford, Rev. Philip Meili was the adult advisor.

Excellent steel was made 3,000 years ago by metal workers in the mountains of western Iran.

Briefly Told

The Kipling Smear League will meet at the Kipling Hall at 8 p.m. today. Awards at the last play went to Linda Tackham, high; Mrs. George Stenac, second; and Betty Stenac, low.

The Coterie will meet Tuesday afternoon at the home of Mrs. Wilbur Montgomery, Rte. 1, Gladstone. Mrs. Hagle Quarnstrom will present readings from books of the nineties.

August Matson Post 71 of the American Legion will meet at 7:30 p.m. today at their clubrooms.

Four drivers struck and killed deer with their automobiles over the weekend, State Police reported. They were Wallace Hubert, 331 N. 20th St., Escanaba; Alma Myrvall, Rte. 1, Wilson; Wallace Beauchamp, Rte. 1, Escanaba; and Bernadette Morin, Rte. 1, Bark River. There were no injuries to the drivers, police said.

John Bernsten, 57, of 1421 N. 16th St., Escanaba, was ticketed by State Police for violation of the basic speed law, too fast for conditions, after his car struck four guard rail posts on Co. Rd. 517, about 40 feet east of U.S. 2 and 41 at the Bay Shore location at 10 p.m. Saturday. Ethel J. LaFleur, Rte. 1, Escanaba, was ticketed for failing to stop for a stop sign.

State Police are investigating a hit and run accident reported by Victor LaFave, Rte. 1, Escanaba. LaFave told troopers a car struck four cedar posts about 2:50 p.m. Saturday on Co. Rd. 414 in Wells Township.

Perkins

PTA Meeting  
A large crowd was present for the PTA meeting held recently at the Perkins High School. Parents picked up student report cards and also conferred with teachers. A short business meeting was held followed by lunch served by the PTA officers, Mrs. Laurence Wils, Mrs. Valere Vandamme, Mrs. Donald Smith and Mrs. Ellen Vallier.

Assembly Will Hear Reporter

Rapid River High School's assembly program will present Helen Cudworth, news and radio reporter, from Colorado, Wednesday, Nov. 3, at 2:40 p.m. in the high school. Miss Cudworth, a graduate of Colorado University, majored in English literature with emphasis on speech. She has spent eleven years as editor of a semi-weekly newspaper and eight years in radio news. Miss Cudworth has traveled to the Middle East, Europe, Japan, Philippines, and Latin America. The Nov. 3 assembly will be a timely program, "Focus on Latin America" as Helen Cudworth has made Latin America her special concern and will report on a fascinating and challenging story. The public is invited.

fashion is our specialty

THE JOHNSON BROTHERS, partner owners of the Johnson Lumber Co. are pictured at the delivery deck of their sawmill at Cunard. Lester Johnson is on the left and Roy Johnson on the right. The logs go through a debarker and then to the saw, and slabs and edging go to the mill's new chipper.

Slabs Aren't For Burning

Chip Mill Waste For Pulp

By JEAN WORTH  
The chipping of sawmill wastes for use in making pulp has been a big source of raw material for Pacific Northwest paper mills for years. Now the practice is spreading in the Upper Peninsula.

Calumet & Hecla's Goodman Division mills, Goodman, Wis., and at Ahmeek, Mich., chip their waste and so does CCI's

mill near Munising. And now the Johnson Lumber Co. mill at Cunard near Hermansville has started chipping.

Brothers Roy and Lester Johnson operate the mill. They said that several years of study went into the decision to end their sale of wood for fuel and to convert their slabs into chips. Helping the decision was the decline of the fuel wood market and their need for more acreage if they were going to pile their wood across U.S. 2 from their all-electric sawmill.

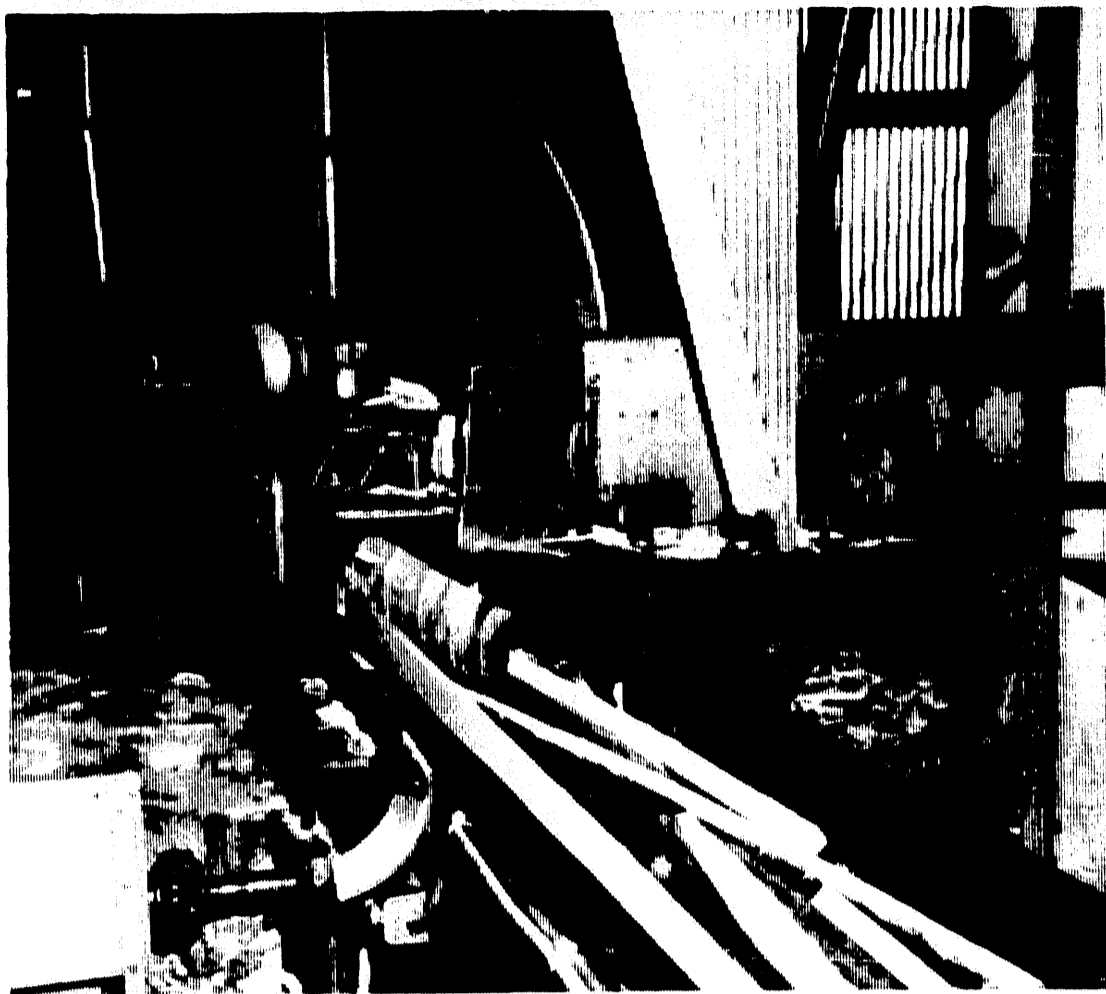

Debarker And Chipper

Their slabs used to go through the slasher and into cars for delivery. When this market skidded they stored the wood in a yard until sale, but the handling made it unprofitable and led to their decision to invest \$25,000 in a debarker last January and in a chipper in June.

The mill saws all year and with the debarker its slabs are clean and ready for the chipper. A conveyor belt from the circular saw carries the slabs into the chipper and it blows them into a waiting van of the Ronald Detzens line of Wausau, a contract hauler who has two vans at the mill at all times. When one is filled the blower starts on the second one and the first one is hauled away and replaced.

The hemlock and hardwood chips go to Marathon Division mill of American Can Co. at Rothschild, Wis., near Wausau and the pine chips go to Timm Pulp & Paper Co., of Kaukauna, Wis.

The trip to Rothschild is 170 miles. The chips are hauled as

A CONVEYOR BELT carries slabs and edgings into the chipper at the Johnson Lumber Co. mill at Cunard. It is the latest U.P. sawmill to join the trend toward chipping of mill wastes for pulping by the paper industry, which has until recently used only round stock for pulping. The chips are moved in vans to Wisconsin pulp mills. (Daily Press Photos)

THE NEW CHIPPER at the Johnson Lumber Co. mill at Cunard spews out chips into a waiting van which will take them to the Marathon Division mill of American Can Co. at Rothschild, Wis. The debarked mill slabs and edgings are all processed into chips now, where formerly they were sawed into short lengths and sold for fuel.

they come out of the chipper, but bought on a dry chip basis. They contain about 50 per cent water, so 20 tons of wet chips, an average load, provides 10 tons of dry chips. Hemlock chips bring \$24.70 a ton, hardwood \$15.50, and pine chips are sold in a unit of 2,500 pounds for \$20.

Do Own Logging

The mill cuts two million feet of lumber a year and produces about 2,000 tons of chips. It takes about 10 or 12 hours to fill one of the vans.

The Johnsons provide about 90 per cent of their own logs, most of them from their own logging of stumpage in U.S. Steel Corp.'s 53,000-acre forest in the top of Menominee County. The Steel Corp.'s foresters put marked timber up for sale by bid.

The mill's cut of pine is bought by local lumber yards, its hemlock is used in construction carpentry and for industrial usage like stacking of steel. No. 1 and better birch goes to plants in Tennessee, Chicago and elsewhere for

furniture making, and maple goes to the Robbins Co. at Ishpeming for manufacture of hardwood flooring. First and seconds of yellow birch green are worth \$330 a thousand feet.

The Detzens pickup service also serves the Neopit, Wis., Indian Mills, the Abbott Fox Lumber Co. mill at Trout Creek and the Pukall Lumber Co., at Woodruff, Wis., for Marathon.

"The paper mills like the chips," said Lester Johnson. "They get the better part of the stick; the outer part."

Father Was Logger

At the mill a hoist lifts the front end of the van and the chips slide into a storage bin in a half minute.

For many years Oliver Division of U.S. Steel Corp. used its Menominee County forest mostly for supply of timber to its U.P. mines. This usage has been reduced drastically by changes in mining and the wood now is sold to industry as it matures in a forest management plan.

Elmer Johnson, the father of Roy and Lester, was a logger in the Hermansville area. In 1945

when Lester Johnson returned from service in World War II he and his brother Roy, in partnership with their father, built the Johnson mill at Cunard. It has been developed a great deal from those beginnings. The father died 8 years ago.

"All I said was:  
Show me a filter that delivers the taste  
and I'll eat my hat."
